

Council Policy Permits Only Two Taxis

No new taxi businesses will be allowed to start up in Newmarket. Town council approved of a policy restricting licences on Monday night. Only two will be allowed to operate in town.

A resolution was introduced first, to refuse a town licence to an out-of-town taxi operator. "Why stop a man from starting up a business?" asked Councillor Rudy Renzius. "No other businesses are restricted. If someone wants to start up a restaurant, he doesn't have to get permission from the town council."

Councillor Lorne Paynter said there was a recommendation by the council police committee previously recommending a restriction on taxi businesses.

"The committee felt that there are enough taxis now for the business to be handled," said Mr. Paynter.

"In every town or city, a taxi is considered apart from other types of business. The police committee always has a right to refuse or accept licences," said Councillor VanZant.

"Where competition is too great, bootlegging is encouraged," said Councillor Joe Dales. He said that some of the present drivers would be unemployed if more businesses started, that there would not be enough business to support three taxi firms.

GARDENERS INVITED TO VIEW ESTATE

Members of the Newmarket Horticultural society and their friends have been invited to visit the Robinson estate, York Mills Rd., on the evenings of August 7 and 8. This estate is a beautiful landscaped and a horticultural treat at this time of year.

Several gardeners are employed on the estate and on Thursday and Friday evenings, August 7 and 8, they will be on hand to show the visitors around the grounds.

No bus will be chartered for the trips. It is suggested that individuals owning cars make up their own parties to visit the estate. To reach the Robinson estate, turn east off Yonge St. on the Lansing cut-off and right on Bayview Ave. Continue south on Bayview for about one and a quarter miles and turn left on York Mills Rd. (it is a dirt road). The Robinson estate is the first one on the right hand side after you turn onto York Mills Rd.

HOLT FARMER WINS LUCKY PHOTO QUIZ

Harvey Ewen of Holt was last week's lucky farm owner in the weekly farm photo quiz which appears in the Era and Express. It was Mr. Ewen's farm north of Holt which was pictured last week and Mr. and Mrs. Ewen were in early Friday morning to claim the framed picture of their farm and the 30 one dollar gift coupons contributed by the merchants who support the feature.

Mr. Ewen farms 100 acres and has been there three years. The farm is generally known as the Allison farm.

This week's lucky farm photo quiz is on page 14.

Freak Bolt Hits Like Explosion, Knocks Shovel From Boy's Hand

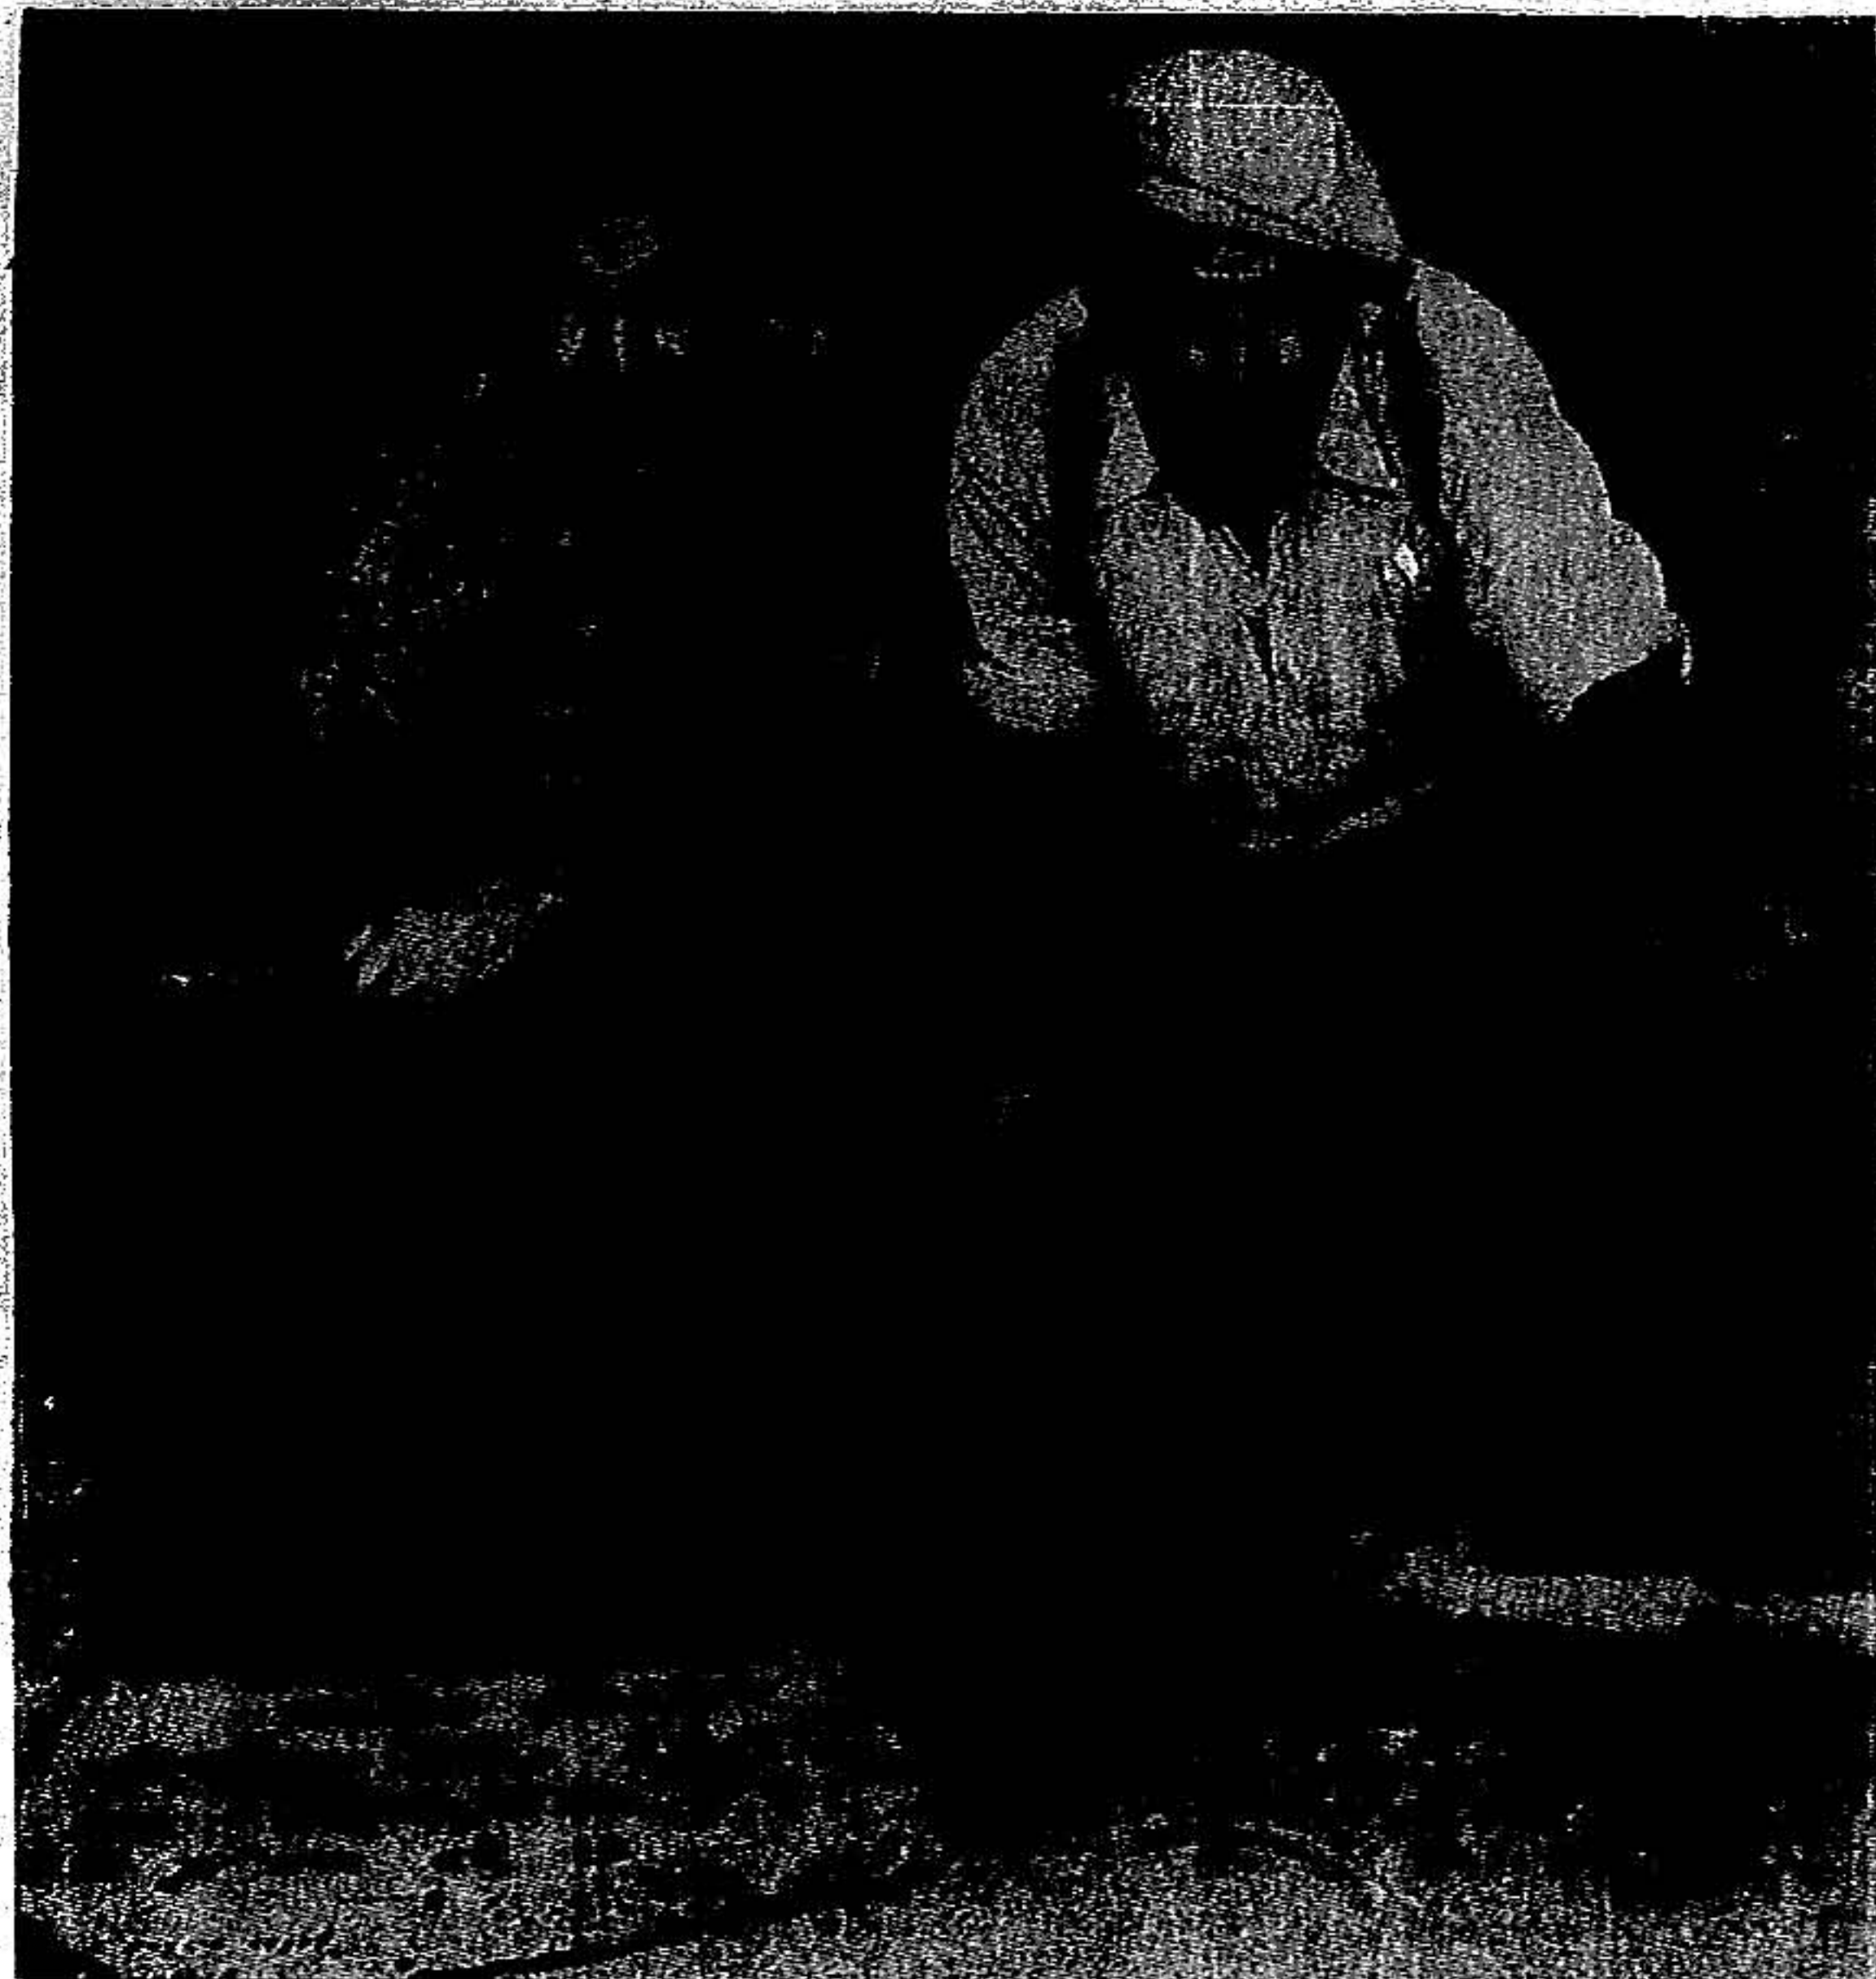

A freak lightning bolt knocked a shovel out of a boy's hand on the farm of Merle Sedore, Cedar Brae, yesterday. Sedore is still wondering how he and his two sons were not injured or killed when the bolt struck the barn where they were working.

The bolt went down the side of the barn and into the stable, blowing out all the windows, panes and all.

It broke a chain holding a bull calf in the stable, knocked the bottoms out of ten concrete stable bowls, made two large holes in a cement wall and started five fires in the barn. Sedore said that he and his two boys, Harvey, 19, and Ray, 12, were lucky to be alive.

"I put out at least five fires in the barn. Chaff and birds' nests were burning on the beams," he said. In a low cement wall which supports the water bowls, were two large holes. A bull calf had been chained to a ring encased in the cement wall. Lightning broke the chain and ring and the calf was wandering around the stable.

"There hadn't been a sound of thunder. It was the only flash and no storm, only rain followed," Sedore said.

Harry Londry, left, and Vincent Hodgins, who were laying a water pipe across the Alexander Muir school playground when old graves were unearthed, show human bones and pieces of grave markers which were found under the surface of the ground. Londry holds a human bone from an arm or leg and Hodgins holds part of a skull. One stone at the left of the photo bears the name of A. Guernsey with the date of his death being August 14, 1853. The trench where they were found can be seen in the background. At lower right a photo taken in 1865 shows what the corner of Timothy and Prospect looked like if you stood where the arena is now and looked east. The two storey building with six windows was the second Methodist church and the building with the tower was the old school. The graveyard is believed to have been between the two buildings.

REC. COMMISSION SPONSORS OUTING FOR CHILDREN

The Newmarket Recreation Commission is taking 40 youngsters of public school age on an outing to Willow Beach, Lake Simcoe, on Saturday.

Commission chairman Joe Dales says "This marks the start of a new commission program." He said that the commission would be sponsoring more athletic activities and that a program for girls would be started in the fall.

There will be swimming and races at the beach on Saturday and ice cream and candy supplied. Members of the Newmarket Optimist club are assisting in the supervision of the children.

G.N.R. D. E. THOMPSON KILLED IN KOREA

Word was received recently of the death of a former Newmarket boy, Gnr. Donald Edward Thompson, in Korea. He was the son of Mr. and Mrs. Fred Thompson who moved to Preston from Newmarket 12 years ago. His grandfather, W. J. Thompson, resides in Newmarket.

He had been in the army over two years at the time of his death. It is understood he was returning from a successful patrol when killed. His mother is the former Minnie Wilson of Aurora.

UNKNOWN PIONEERS'

Bones Found In Forgotten Burial Site

Workers accidentally dug up several skeletons from a forgotten graveyard in the Alexander Muir school playground last Thursday.

Human bones, parts of old coffins and tombstones were unearthed by town waterworks men who were laying a water pipe from the school to the street water main.

The graves are at the south side of the Alexander Muir public school playground at the corner of Prospect and Timothy Streets. The inscription on one of the gravestones named A. Guernsey who died August 14, 1853 at the age of 29.

Although it is known that a church had existed on the corner at one time, residents of Newmarket know little about a burial ground.

An historical sketch about the Methodist church in Newmarket says there was a burial ground near the church but that graves were moved away to the town cemetery.

The sketch, compiled by a

WOMAN DIES FROM ACCIDENT INJURIES DRIVER CHARGED

Mrs. Rose Newman, 78, of Toronto died this week as a result of an accident on the Don Mills road south of Vondorf. The accident occurred after midnight Friday night.

Seven other persons suffered injuries of various degrees. Five were taken to York County hospital the night of the accident.

A charge of motor manslaughter and dangerous driving was laid against James Paul Milne, 35 Aldridge Ave., Toronto, driver of one of the two vehicles which met head-on at the side of a hill near Preston Lake.

Milne appeared in magistrate's court, Newmarket, on Tuesday and was remanded until August 19 on \$1,000 bail.

ENGINE TROUBLE

A landing barge with over 40 boys from Camp De LaSalle, north of Island Grove, was towed to shore last Friday night after it was reported missing a few hours.

The craft had engine trouble and was adrift in Lake Simcoe for three hours. It was located by a plane from Orillia 10 miles off the north shore. The boys were on their way for an overnight trip to Whitney Island on the north shore.

The barge left camp at 3.30 in the afternoon and was found at 8.45 in the evening.

The only Mormon Temple in the British Empire is at Cardston, Alberta.

Above, George Blake shows where he discovered some of the bones. The cavity in the side of the trench indicates a collapsed coffin. The area of town around the school yard was called Garbutt Hill in the 19th century and almost considered a separate community.

COSTUME WINNERS

Winners in the parade at the Lions carnival last night were: decorated doll carriage, in order, Linda Slade, Rachel Daly, Joan Thornton; wagons, Jane Struthers and Harriett Swindells, Margaret and Jimmy Millon, and Mary Slade; tricycles, Angus Dawson, Janie Elizabeth Hunter, Athol Hart; girls' bicycles, Karen Taylor, Dorothy Kmet, Marjorie Bone and Mary Ann Heathfield; boys' bicycles, Johnny Hopper, Lewis Hookings, David McCaffrey, Brian Bales;

OPEN NEW STORE

The Marigold Gift Shoppe is moving to a new and larger location at 80 Main St., formerly the Mayfair restaurant premises. The premises have been remodelled and the business will have more display space. Mr. and Mrs. E. A. Robinson have announced the new store opening to be Saturday.

ENQUIRES ABOUT COUNCIL VACANCY

The deputy-reeveship vacancy in Newmarket brought an enquiry from Councillor Joseph Dales Monday night. He asked what would be done about filling the vacancy.

Mayor Joseph Vale said he was considering the matter and was conferring with the town solicitor.

The vacancy was brought about by the death of J. L. Spillette in June.

The Willing Helpers' of the Friends church gave a tea and presentation for Miss Marie Gilkes, a bride-to-be, on Tuesday, July 22.

IS IN HOSPITAL

Mr. Bert Scott who is in York County hospital, convalescing from a heart attack is progressing favorably.

TAXES COLLECTED

Taxes amounting to \$183,462 have been collected in Newmarket already this year. Town Clerk Wesley Brooks says this is a much higher percentage collected than at the same time last year. Arrears amount to \$4,085.

New Street Cost, Disposal Plant Council Issue Now

It would cost Newmarket \$104,000 to rebuild its main thoroughfare in a two-year program. Because the town is facing a larger expenditure on a new sewage disposal plant, Councillor Charles VanZant, chairman of the road and bridge committee, recommended that the town drop the Main St. proposal.

Total estimated cost of the project is \$234,970 but a grant from the county and provincial subsidies cut Newmarket's cost by more than half.

"Our cost per year would be \$9,000, an extra two mills on the tax rate," said Councillor VanZant at a council meeting Monday. "I think the sewage disposal plant is more important than dressing up Main St. Our taxes are high enough as it is," he said.

"Personally, I would like to see the Main St. done over but the health department is pressing so hard for a sewage plant. It would mean at least a 64 mill rate by next year. I know the road condition is not good, but it's not too bad," Mr. VanZant told council. He said that the town could put a certain amount of maintenance work on the street without going into a major project.

"It is a great temptation to say let's do it to get that \$70,000 from the county but we forget what we have to pay to get it," Councillor Dales pointed out.

Through the recommendation of the Toronto and York Roads Commission, the county council budgeted for \$40,000 this year, half of its \$70,000 offer to put Main St. into shape.

The county has kept a standing promise for years to put the centre 22 feet of pavement and road bed into good condition before it turns maintenance responsibility over to Newmarket.

Town officials feel that if the offer is not taken up this year, the county money will not be available. Reeve Arthur D. Evans said that a decision has been put off for years.

"I don't think we should go ahead with an expenditure that size when we are faced with one that is going to be larger," said Mr. VanZant. He added that he did not think the cost should be charged to frontage, where property owners on the street bear the cost or a percentage of it.

Councillor Boyd suggested that council let the county go ahead and rebuild the centre 22 feet of roadway, dropping the plan to rebuild the sidewalks, curbs and replace sewer and water connections.

Town Engineer Denne Bosworth said that it would still involve expense to the town because there would be at least three feet of road torn up on each side in the process of construction.

"If we go ahead, it is going to cost the county \$32,000, according to the estimates," said Mr. Dales. "Why not ask the county for half of that amount and use the money to repair the road?" He said that it would save the county money and would not cost the town anything. It was also pointed out that the county would get a subsidy from the province on the grant to Newmarket.

Mayor Vale proposed that Mr. Evans visit the roads commission and make the same suggestion. He said that the department of highways would pay back half of the grant to the county if the whole project were undertaken but that the subsidy might not be approved on the latter arrangement.

"But we can still try and make a deal for some of the county money," the mayor said.

"We have been talking this up for years," said Reeve Arthur Evans, "and the roads commission has made its recommendation. This year they are asking us whether we are going through with it or not."

"Mr. VanZant asks us whether we can afford it or not, but when you look ahead for the next ten years, I ask, can we afford not to do it when we consider the grants and subsidies which are available now?"

"The county says that only a gravel base was put down years ago. We don't know what condition the street will be in, in a few years," Mr. Evans said that council should not overlook the other side of the question. "I am just pointing these things out because only the one side has been discussed," he said.

He showed that Niagara St. property owners were paying for recent construction on a local improvement plan and that the street has since taken over much of the former Main St. traffic through to Davis Dr.

"We can ask them if they would settle for a \$50,000 cash grant," said the mayor. "It would be saving them money too. I think we should ask them this before we give them a definite answer on the project."

"I hope we don't lose the whole thing by this," Mr. Dales commented.

ESTIMATES SPLIT STREET COSTS

A breakdown of figures in the engineer's estimates on repaving Main St. puts Newmarket's share at \$104,500, County of York's share, \$32,300, and the Dept. of Highways, \$44,200, for a total estimated cost of \$235,000.

Estimates are on new paving from Water St. to Davis Dr. The engineer's summary states that pavement would be 42 feet wide at Water St. and sidewalks 10 feet wide.

At Timothy St., pavement would be 34 feet and sidewalks eight feet.

At Millard Ave., pavement would be 34 feet, sidewalks five feet six inches; at Ontario, pavement 34 feet, sidewalks eight feet; from Ontario St. to Davis Dr., pavement 46 feet wide, sidewalks 10 feet.

Total cost from Water to Millard would be \$94,200, from Millard to Ontario, \$42,800 and from Ontario to Davis, \$97,970.

Mount Albert News

Miss Ina Oldham, R.N., Toronto, is holidaying at her home in town with her mother, Mrs. A. Oldham.

The weather on Wednesday last was lovely for the Sunday school picnic of the United church at Jackson's Point.

Mr. and Mrs. W. R. Draper attended the funeral service on Tuesday for Mrs. Draper's uncle, the late Sylvester Young, at West Hill.

Mrs. L. Barrett, Lois, Paul and Judy of Toronto spent last week at the home of their aunt, Miss E. Hayes.

Mr. and Mrs. J. Arnold motored to Galt to visit relatives over the weekend.

Mrs. C. W. Davidson and Mrs. A. Locke of Toronto are guests at the home of Mr. and Mrs. Harvey Leek.

The ladies of the two congregations, Mount Albert and Hartman United church, will receive envelopes to assist in the raising of \$460 allotted to them for the building of the new training school in Toronto. This was explained by Mrs. H. Harmon at the service Sunday morning. The old buildings of the former Presbyterian and Methodist schools taken over at the time of Union had to be sold as neither one was suitable. The ladies of the United church are taking on themselves the

building of a new school near Victoria College, Toronto, for the training of women workers in the church, both at home and abroad.

The allocation is spread over two years but those in charge are anxious to know that we accept it so they may be sure of the total sum required to do the work before it is started.

Mr. Neil Lathangue, who has been assistant to Mr. H. W. Theaker, funeral director, has purchased the F. Kilkenny funeral home in Bradford and left on Monday to take over his work there. Mr. Lathangue has made many friends during his stay in Mount Albert and our loss is Bradford's gain. We wish him every success.

Mr. Bill Watson is the new assistant of Mr. W. H. Theaker, funeral director, and moved into the apartment over the store on Monday. Mr. Watson comes from Markdale.

Mr. Stan Draper of Toronto spent the weekend at the home of his brother, W. R. Draper.

The intense heat does not seem to clear up in spite of the many rain storms which hinder the harvest and the late hay crops but gardens and lawns are beautiful and berry crops are good. New potatoes on the market are a good price for the growers.

King Credit Union Directors' Meeting

The monthly meeting of the
board of directors of the King
township Credit Union was held
at the home of Peter Flanagan.
Those present were Miss Ida
McCormick, Messrs. Jim Best,
Joe Ball, Larry McCormick,
John Lawlor and Andy McCor-
mick.

After the financial statement
was read, Mr. Joe Ball expressed
his pleasure in the apparent
growth of the credit union
movement. Although there are
only 150 members in the King
Credit Union, they help make
up the six million members of
credit unions on the continent.

The King Credit Union is
planning a field day, to be fol-
lowed by dancing.

It was revealed at the meet-
ing that the credit union move-
ment is growing stronger in On-
tario. Many labor leaders are
embracing the credit union phi-
losophy. William Green, presi-
dent of the A.E. of L., has de-
clared, "Credit union services
are of particular value because
they give protection against loan
sharks, furnish credit at low
cost and encourage savings at a
good rate of interest."

If the credit union can work
for industry, why can it not
work also in rural areas?

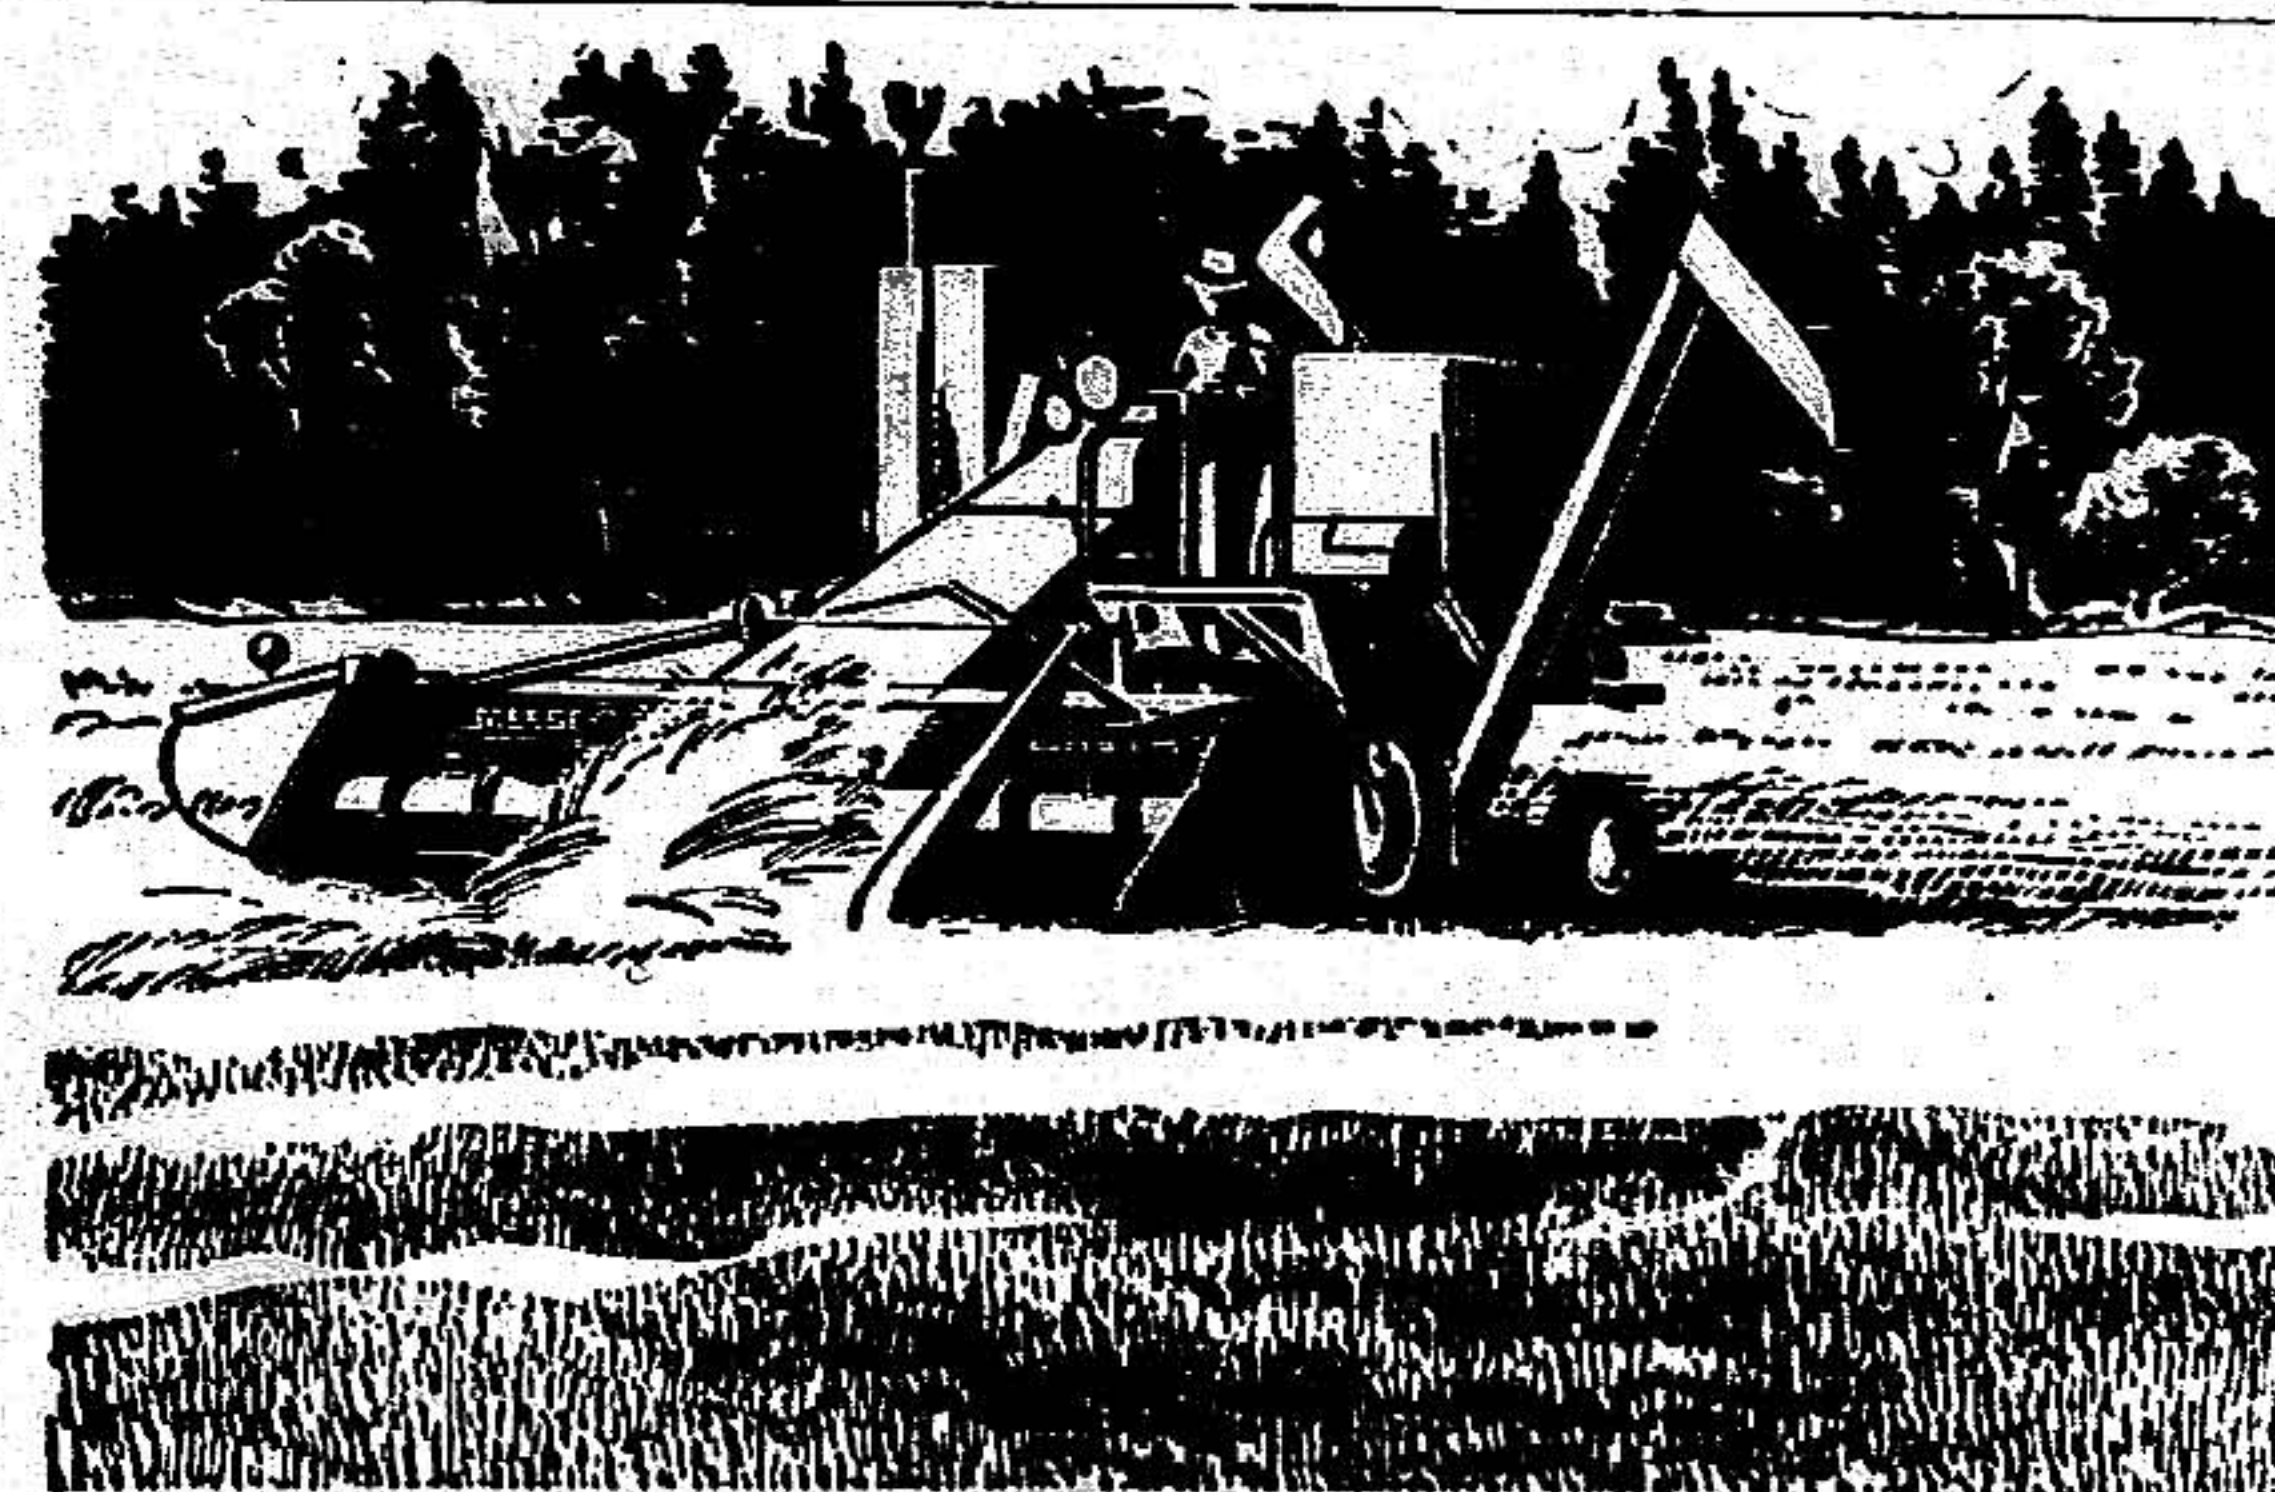

After the meeting a very tas-
ty lunch was served by Mrs.
Flanagan and Mrs. Best.

Co-Op Medical Services Report Profit of \$1,415

At the recent annual meeting
of the York Co-operative Medi-
cal Services, the treasurer re-
ported that he had paid out \$2,-
852 in claims, leaving a profit of
\$1,415 which was credited to the
members in the form of mem-
ber loans.

The guests speaker, Paul Mee-
han, secretary of the Co-opera-
tive Medical Services Federa-
tion, spoke on the cheap accident
insurance farmers who employed
labor could get from the Work-
men's Compensation board. He
stated that some farmers had
lost their life savings through
injury to an employee and urged
that farmers should protect
themselves against this loss. The
rate now was only 75c per \$100
wages paid.

Directors elected for the next
three years are Louis Marwood,
Woodbridge; H. G. Kellington,
Stouffville; Mrs. R. G. Ketter,
Maple; Mrs. Reid Brumwell was
chairman of the meeting.

You're always ready for harvest time with a Massey-Harris Combine

Conditions at harvest time for taking off the crop may be good or
bad according to the action of the weather. But when you are me-
chanized with up-to-date combine equipment you're ready to go when
the crop is right in good weather and you can make the most of any
favorable conditions during the difficult seasons. Combine harvest-
ing is the easy, low-cost modern way to harvest under normal
conditions and in many tough years the combine method has
saved the day for farmers.

A modern combine, too, simplifies the harvest labor problem—
many farmers handle their crop with little or no extra help at
harvest time.

For years Massey-Harris combines have been noted for their
outstanding ability—your Massey-Harris local dealer will be glad
to give you full details about the latest models.

"THE FRIENDLY STORE AT THE BOTTOM OF THE HILL"

Pages from the Editor's Notebook

Just 25 years ago, the Era carried an earnest plea from editor Lyman Jackson to the council of Newmarket that it accept the offer of the Office Specialty to share half the cost of raising the height of the dam at Fairy Lake. "It would be a lasting shame if the present proposition is not acted upon," he wrote.

The offer was accepted and the September 30 issue carried a report that work would begin on the following Monday. The result was the Fairy Lake we know today. But to go back to earlier report. In it, Mr. Jackson recalled some of the pond's history, with no small touch of nostalgia. He wrote, in part:

"When the present editor was a boy, he learned to swim near the dam in Fairy Lake. It was then a nice sheet of water and it turned the wheels of the old grist mill situated on the west bank in front of the present water-works building (one of the old mill stones can still be found in the garden of Councillor and Mrs. Rudy Renzius).

"Later there was a floating bridge across the pond for the convenience of people who used to pasture cows on the east side of the water. Some years after, a freshet washed the bridge away, leaving a nice stretch of water, the result of which was that one or two row-boats found their way to Fairy Lake and were used on summer evenings to go upstream and pluck flowers."

"In the 60's and 70's, the small boys used to congregate on the bank below Andrew St. and had great sport on warm afternoons in 'water' and on land in their 'birthday suits' while in the evenings, crowds of young and older men bathed at the rear of Harry's tannery on Harry St."

"There was also a cooper's shop or something of that nature near the track on Water St. which was used as a dressing shelter by those who bathed near the dam."

We consulted Tom Doyle on the spelling of Fairy Lake. Ever since we can remember, we've been spelling the name with an "e" as in Fairy Lake. We've seen that name on signs and the old map. But the back files refer to it as "Fairy" Lake and Mr. Doyle remembers it as always having been "Fairy

Lake" so in future, we'll refer to it by that spelling.

Mr. Doyle, like the editor of the Era, had pleasant memories of those swims in the pond. He worked with his father who was a stove cutter in the cooper's shop that Mr. Jackson writes of. It was owned by John Arnott and Godfrey Fox. The shop was situated where the water-works now is and the drying sheds were across the pond. Mr. Doyle remembers trundling bundles of staves over the bridge from drying sheds to the works proper where they were fitted into barrels for use in the Marsden Mill which stood about where the Office Specialty Water St. building is, and for Dene's Mill at the north end of town.

And while on the subject of the past, it is interesting to note that some effort is being made to restore the old burial ground south of Sharon on the third. How successful such an effort will be is yet in question, but certainly, it is a badly needed undertaking.

Perhaps the effort will spur some interest in the old burying ground on Eagle St. In the past, thanks to the devoted efforts of Mr. Frank Keats, the weeds have been chopped down from time to time, headstones replaced and other renovations of that nature undertaken. It has been a labor of love for Mr. Keats but one man hasn't much chance to complete the job that needs to be done there.

Not so long ago, the cemetery grounds were well outside of town but now there are homes to the east side and a service station to the west. Armistage Heights housing subdivision is across the road. In the past, an attempt was made through the Anglican church to do something about such abandoned burial grounds, but we don't think it was brought beyond the planning stage.

Another thought is that the cemetery is now within the town limits so we suppose the municipality may have some responsibility for its care and upkeep. Something will have to be done about it sooner or later. In its present state, it is no credit to the town. We should like to see it made into a park with a single stone naming those who still lie there.

From the Files of 25 and 50 Years Ago

JULY 22, 1927

Years ago the main factor in raising the mortality rate was drowning, but the motor car has it beat. Where one person is drowned now ten are killed in motor accidents. The craze for speed is largely responsible.

Good news for housekeepers. It will not be long before electrically operated refrigerators will be as common as washing machines and the worries about the ice-man will be over.

On July 10 a fire broke out in Mr. C. S. McCauley's barn at the rear of his residence on Botsford St. The prompt arrival of the firemen prevented spreading of the flames and little damage was done. The fire is believed to have started by spontaneous combustion.

The death of North York's oldest man, Mr. Wm. Buckle, occurred last Sunday. Mr. Buckle was in his 100th year. Caledonia Lodge L.O.L. No. 185 boasts two of the oldest Orangemen in the province, namely Messrs. John Rosamond and Julius Rogers.

The third tennis court which is being constructed adjoining the bowling green is expected to be ready for use this week. It is expected that it will be the best one yet as the Warren Paving Co. has the job of preparing the foundation.

THURSDAY, THE TWENTY-FOURTH DAY OF JULY, NINETEEN HUNDRED AND FIFTY-TWO

WHY NOT FAIRY LAKE

"... One or two small boats found their way to Fairy Lake and were used on summer evenings to go upstream and pluck flowers... small boys used to congregate on the bank... and had great sport on warm afternoons in the water... while in the evenings crowds of young and older men bathed..."

So it was at Fairy Lake in the 60's and 70's as described in these excerpts from the files of the Era. So it could be again if the effort were made. It would take time, to be sure, but the agencies exist through which such project could be undertaken. All that is required is the effort and the imagination to carry through the task to its completion.

Not long ago, the Newmarket Lions club discussed, and reluctantly decided against a campaign for a swimming pool. The cost was prohibitive. During the discussion, the question was raised of the rehabilitation of Fairy Lake. And why not? The water is there. If the plans of the Holland Valley Conservation Authority are carried through, the water flow will be increased on the river.

If Newmarket takes the lead that it should in ending pollution of the river, others who are now dumping in the river will be encouraged to cease the practice. If Newmarket's example is not enough, the formation of a provincial anti-pollution authority offers an alternative encouragement.

Through its service clubs, if by no other means, Newmarket can work towards the improvement of the banks of the lake, the necessary dredging and cleaning, and the installation of bathing facilities. Fairy Lake and the meadows through which the river flows in its course through town could be made into a recreation area, an asset to be enjoyed by all. We have the means on hand. All that is needed is the effort and the imagination.

SEWAGE DISPOSAL

The Holland River and Fairy Lake could be priceless assets to Newmarket but they can never be anything but an unsightly nuisance until the practice of treating them as annexes or substitutes for a sewer system is halted. Newmarket is the worst offender in this respect. It dumps raw sewage into the stream at the north end of town. But there are also offenders upstream and downstream and that fact has frequently been used as an excuse for Newmarket's failure to build a sewage plant. The same reasoning, applied in reverse, has also been used to excuse dumping upstream and downstream.

Mayor Joseph Vale had assured critics that there was every possibility that Newmarket would be making a start on a new sewage disposal plant by the end of the summer. The cost of the plant has been a factor in council budget planning. A committee of council has reached a decision on the type of plant; a survey has been made to locate a site. What then is the reason for further delay?

Two weeks ago, we published a letter from a downstream resident who complained of the condition of the river. Although his descriptions were perhaps colorful, the circumstances he outlined were nonetheless true. Newmarket is, in effect, dumping its vastly increased sewage on the doorstep of Holland Landing. Twenty years ago, with Newmarket much smaller and the rate of flow in the river much higher, dumping raw sewage may have been practical. It certainly isn't now.

Newmarket has what could be two priceless assets in the river and in Fairy Lake but until Newmarket undertakes its share of cleaning up the river, those assets can never be realized. Newmarket has a chance to show some leadership, as well as doing a job which must be done. We should delay no longer.

EFFECT OF FREIGHT INCREASE

The Canadian Federation of Agriculture has issued a bitter protest against another round of freight rate increases, such as will be required if pay increases sought by the non-operating railway trades are granted. Canadian farmers, says the statement, along with other groups in the nation have had to face six separate freight increases since March of 1948 totalling 70 percent. Another increase would be "another swirl in the vicious spiral of inflation".

The farm protest is all the more pertinent because the threat of a freight increase comes at a time when farm prices are showing downward trends but without corresponding decreases in the cost of non-farm items. The farmers have a point when they maintain that reductions in the cost of living are being made at their expense. An increase in freight rates would heighten

The state is the servant, not the master, of the people; the state is their guarantee against infringement on their rights, their agent in international and national issues; it is not the function of the state to assume the direction of those activities which rest on individual choice.

that disparity.

It is impossible to separate any one part of Canada's economy from the total economy. Freight increases have an effect which is felt in the most remote corners of Canadian business. Consider what could happen if a new freight increase were added to the cost of feed grains. The present narrow margin of profit on pork, poultry products and beef would be further limited. More farmers would go out of those lines. In time, the present surpluses would melt away and the swing would be from surplus prices to scarcity prices, the cost of living would go up, and first thing, the railwaymen would be asking for another increase.

The downward trend in prices generally has slowed but for the moment, there seems every likelihood that inflation in Canada has been checked somewhat. If the railway wage increase is merited, surely some way can be found to pay it without starting the inflation cycle again. The fact is, that if inflation is ever to be checked, a start must be made somewhere. It's time we realized that we can't go on putting increased income on increased costs indefinitely. Farm prices have checked the cycle. Let's hold to that check.

REMINDERS OF PAST

The uncovering of a forgotten burial ground at Alexander Muir school last Friday is a reminder of how much has been already lost to memory about the early history of Newmarket. The first Methodist church in Newmarket was built in 1827. According to the journal of Peter Jones, an Indian preacher, he went with a group of Indians to Newmarket to hear Rev. J. Beatty preach, after which he "exhorted both in English and Indian".

His journal continues: "Monday, June 25—Commenced building a temporary chapple or school-house of slabs 24 feet long and 20 feet wide near Mr. Tyson's house. The Indians assisted. Tuesday, June 26—Completed the school house this afternoon, which cost 7s 6d in cash..."

The Second Methodist church was built in 1840 on the south-west corner of the present Alexander Muir school grounds on what was then called Garbutt Hill. In 1877, the congregation decided to move to the corner of Main and Park Ave. (New Street) and the last service in the second Methodist church was held on Jan. 18, 1880.

A plot of ground to the east of the Second Methodist church was known as God's Acre and there many of Newmarket's earliest citizens were buried. These remains were moved to the Newmarket cemetery when the town took over the land for the public school, according to accounts, but after the experience of Friday, it would seem that one row of graves was overlooked.

We wonder how much more there is about Newmarket which has been forgotten, and will be lost forever unless some steps are taken to preserve that knowledge. For some time now, Newmarket council has had a proposal before it that a history of the town be written. Isn't it time to get on with that job?

EDITORIAL NOTES

There is great activity along Yonge St. between Eagle and Davis Dr. where survey stakes have been placed and the beds of extended culverts have been dug. The department of highways has at last begun work on the removal of a serious traffic hazard on that section of the highway. We've no indication of how far the work will progress this year but it is heartening to see a start made. It is to be hoped that it will be sped along at the fastest possible pace.

It is an education to drive about the outskirts of Newmarket and see the amount of building which is being done. Eagle St., for example, used to have cultivated fields along its south side almost to Lorne Ave. Now, with the exception of the low land just west of Armistage Heights, the houses are almost solid as far as Yonge St.

Davis Dr. is showing some activity too. The two implement dealers, the soft drink warehouse and used car lot point to the road's future as a business street in contrast to Eagle St. which so far is residential in character.

The growth of Newmarket prompts again the question: what is the Newmarket council doing to give direction to the growth, to plan it against the developments of the future? Town planning is a complicated matter. What a vice has the council sought about planning, what agency has it set up to plan for the future? Newmarket has been paying a heavy bill for the lack of planning in the past. Such bills can be avoided in the future by proper planning now.

Office Cat Reports Catnips By Ginger

One of our many notes from readers came in yesterday, proof of the volume of correspondence which is received by this writer. It was only recently, November 18, 1951, that we had our last letter to Ginger.

Our reader wrote yesterday on the back of a cigarette pack the following: "A bathing suit just went up the street with a pretty girl in it; that pretty well breaks a record, I would think, after reading your column two weeks ago. Incidentally, the bathing suit passed the Era and Express office at 2 p.m."

We had said two weeks ago that we could find no records which referred to girls having been in bathing suits here since this newspaper was founded in 1852.

We followed up this information from our reader and were able to find one witness, a linesman who was working on some pole wires on Main St.

"For a minute, everything went black," he said, "and I felt a dizzy feeling as I swayed at the top of that there pole. I looked again and I knew it was real."

Our witness, however, said that it was a very brief occurrence. The young lady was just dashing from her front door, into a car on Main St. where a friend was waiting to take her up to the lake for a swim.

But we agree that if it were not the only case of bathing suits seen here, it was at least a rare one... we mean that the incident was a rare one.

Up in Cuttin Corners, there is talk of secession over an incident which has set the village rocking.

"We have lost our rights," Councillor Holland Rivers shouted in a keynote address to council on Monday night. "This control by the state is taking away our autonomous rights. Centralized control has got to go or we secede."

by "Dairy Farmer"
The Top Six Inches

That morning daily paper has again favored us with a discussion on farming, and having been at it for some time now, it is growing bolder and bolder. Quite a little agricultural lecture the G. and M. gives us this week and just five cents too. The gist of it all seems to be that since the Ontario farmer is committed to a policy of scarcity to maintain high prices, this policy is now being underlined by near drought conditions, and the editorial writer warns us that there is a limit to the prices that consumers will pay.

Well, there is an opinion and the man is entitled to it and you may say that there is method in their madness. They are encouraging us to overproduce and grow cheap food. We are rather of the opinion that there is madness in their method. Madness and ignorance, the kind of ignorance that sounds good on paper and creates a public opinion among non-agricultural readers of "now we know what is behind this conspiracy."

The editorial has sentences like this in it: "Earliest sown barn fodder crops seem to have given the best yields." Sounds wonderful, but have any of you fellows any "earliest sown barn fodder crops"? Please let us know. Further on, we are being lectured about the folly of not putting up more grass silage and so on and so forth.

If the writer of this editorial understands what he is talking about, we would like to set down a few facts, and ideas for him. Since it is highly unlikely that he knows what he is talking about, let us start his education slowly, right at the beginning.

A farmer might grow crops for cash sale or he might grow crops to feed his livestock. If he grows a cash crop, he may or may not know what price to expect when the crop is ready

"That there's right, we succeed, or else," cried Councillor Colin Deffoggs. There was a roar of approval from the chambers.

It all started when Mayor Maynott introduced a plan to take in additional municipal revenue. The mayor suggested that the council consolidate the postmaster, village clerk, chief of police and staff, fire chief, village engineer, sanitary inspector, dog catcher and street cleaner into one unit.

Handwell S. Shakin, returning officer in the last election was named by the mayor as the ideal unit. "There couldn't be a better unit than Shakin here," said Mayor Maynott.

The mayor's plan was ingenious. The council would pay standard clerical salary. Handwell Shakin and in turn he would look after these municipal duties.

The Cuttin Corners administration had much to gain in this plan. Mayor Maynott is crafty one. To the province the administration would appear for annual provincial grant for a chief of police and constables, collect the postmaster's salary from the federal administration, save money in all the other departments and sell the stray dogs on the side.

Handwell Shakin, already postmaster in the two store Thimble Memorial building on the Main St. block, cleaned a back storeroom last week and set up the offices for village clerk, chief of police and fire chief, village engineer, sanitary inspector, dog catcher and street cleaner.

Municipal administration is running smoothly until a week when an official from attorney general's department from the city and a post office department arrived from Ottawa. Slim Bliggins, our correspondent, tells us trouble is brewing in mayor's office. Investigations are being threatened both Queen's Park and Ottawa.

IN MEMORIAM

ARMSTRONG—In loving memory of a dear mother and grandmother, Vena Armstrong, who passed away on July 28, 1951. We have lost a Mum with a heart of gold.

Who was more to us than wealth untold; We have lost, but God has gained One of the best Mums the world contained.

Sadly missed by son Mac, daughter-in-law, Muriel, and grandson John.

ARMSTRONG—In loving memory of a dear wife, mother and

grandmother, Vena C. Armstrong, who passed away July 28, 1951.

Peacefully sleeping, resting at last. The world's weary troubles and trials are past.

In silence she suffered, in patience she bore, Till God called her home to suffer no more.

Ever remembered by husband and family.

EDWARDS—In loving memory of Henry Edwards, who slept away July 21, 1951.

So we'll be brave, dear Dad, And pray to God each day; And when He calls us home to you,

Your smile will guide the way. Ever remembered by wife and family.

ROSE—In loving memory of a dear wife, Sophia Rose, who passed away July 24, 1941. Off and off our thoughts do wander.

To the grave not far away. Where we laid our dear mother. Just seven years ago today.

Lovingly remembered by husband, Bill and Mary.

TREBBLE—In memory of a beloved nephew who died July 24, 1951, in his 20th year.

Not just today, but every day, In silence we remember. Aunt Louise and Uncle Frank.

TREBBLE—In loving memory of a dear son and brother, Kenneth Trebble, who passed away July 24, 1951.

His charming ways and smiling face Are a pleasure to recall; He had a kindly word for each, And died beloved of all.

Ever remembered by Dad and brother Ron.

CARD OF THANKS Mrs. M. Rutledge would like to thank the many neighbors and friends who so kindly remembered her with cards, letters and flowers during her stay in Toronto General hospital.

CARD OF THANKS I wish to express my appreciation to all my friends, neighbors and relatives for fruit, cigarettes, cards and all other acts of kindness following my operation and convalescence in the hospital, also Dr. G. M. Peever, Dr. J. Dales, nurses and staff of York County hospital. — Oscar Buckle

CARD OF THANKS We wish to express our sincere thanks to all who were so kind to Donna during her stay in York County hospital and Toronto Western hospital. We especially thank our neighbors and friends for the lovely cards, flowers, candy, gifts and prayers during this time. Mr. and Mrs. Walter Stickwood and Donna.

Weddings

McINNIS-WELLS

By Barbara Wells

All Saints' Anglican church, King, on Saturday, July 19, was the scene of the marriage of Barbara Joan, daughter of Mr. and Mrs. Gordon Wells, King City, to Charles Bruce, son of Mr. and Mrs. John McInnis of Sheffield, England. Given in marriage by her father, the bride wore white slipper satin designed with a long train front panel, sleeves and yolk of chantilly lace. Her nylon tulle illusion veil was gathered to a lace Juliet cap, bordered by tiny orange blossoms. She carried a bouquet of yellow roses and gladioli petals.

Her attendants, Norma Wells, sister of the bride, and Barbara Shaw of Toronto, wore similar gowns of powder blue nylon tulle under bouffant skirts of nylon marquisette with blue shoulder capes to match. Miss Marjorie Pratt, of Toronto, was maid of honor and wore a gown of powder blue nylon net over tulle with bodice of brocade tulle. They carried bouquets of white, pink and rose carnations with tinted gypsophylla. The tiny five-year-old flower girl, niece of the groom, wore blue nylon marquisette over tulle designed with a frilled apron and carried a nosegay of small roses and carnations. All wore bandeaus of pink and white flowers.

The best man was Mr. Harry Redfern, brother-in-law of the groom, and the ushers were Wm. Murray and Harry Ballard, all of Toronto.

The ceremony was performed by Rev. W. F. Wrixon of Richmond Hill. Donald Rawlings presided at the organ and the soloist was Mrs. John Robertson, of St. Catharines.

At the reception, which was held at Ballycroby, the guests were received by the mother of the bride, wearing rose mist crepe with panels and bodice of chantilly lace and hat of black velvet and white lace. She was

ada. There are four girls from York Division.

The Prime Minister took the salute in the march past and spoke to the Guides on the theme of the camp, "Our Canadian Heritage." In the march past the girls were assembled in provinces, each province having a number of guides based on the number of members of the movement in the province.

SLIP COVERS ARE important at any time of year because upholstered furniture takes a great deal of use and abuse. Open windows and doors in the summer, and dust from heated houses in the winter allow dust and grime to collect. These particles ingrain themselves in your fabrics and it's almost impossible to loosen them. It's wise and economical to cover your upholstered chairs and sofas with slip covers. These covers can be as bright and attractive as the original covering. In fact, many home-makers buy furniture in muslin and then cover it with colorful slip covers, keeping them on all year long. They can be beautiful as well as utilitarian. The smartness of your slip covers depends upon a clever color scheme, suitable fabrics for your individual pieces, and fine tailoring. The beautiful effects of slip covers is within the scope of every budget.

Crocheted Covers Another way to protect your chairs is to use chair sets. With them you can keep upholstered chairs fresh, cover an expensive damask armchair at the strategic points of stress and strain, camouflage the worn areas of that comfortable chair with good-looking chair sets that beautifully protect. Chair sets may be a small detail, but they contribute to the smooth performance, the pleasant scenic effects of your home.

Attractive Cobble-stones

Here's a set you'll be proud to place on your chairs and sofa, particularly after you make it yourself. Clusters of crocheted lend an effect that's different and interesting. Chair back measures 11 x 18 inches, and the arm pieces each measure 8 1/2 x 10 inches. The set is crocheted of mercerized cotton, and you'll be able to launder it over and over again. If you would like a leaflet giving directions for making this COBBLE-STONE CHAIR SET, send a stamped, self-addressed envelope to the Needlework Department of this paper requesting Leaflet No. C-105.

IT'S A Woman's World

By CAROLINE ION

We are thoroughly mixed up these days. Is it July or isn't it? Here we sit in sunsuit and sandals, wiling in the heatwave, and trying to think of Christmas!

As a member of the Consumer Relations Council of Chateleine magazine, we receive regular enquiries from them. For those familiar with this Canadian magazine, the many feature articles based on such questionnaires are well known. Women from all across Canada, young and old, married and single, all contribute their ideas for the series of stories which are a follow-up on the work of the council. Today's mail brought a questionnaire on Christmas.

Seems they don't operate at Chateleine as we do, preparing our copy for the Era barely minutes before the deadline. Oh, no, they assemble their material months ahead. So, in July we think of December and in January why, of course, we are thinking of June brides, weddings and graduation exercises.

It is pleasant to sit back for a moment and dream about snow and icy winds. Did we really complain because it was cold in February? Zero weather must be wonderful. But, we don't relish plans for a heavy Christmas dinner, festivities around the brightly burning Yule log or thoughts about suitable "after-ski" attire. Salads, cool and crisp; frosty, long drinks and sundresses are much more appropriate topics.

Fall Fashions

As if we weren't sufficiently confused with this December in July business, there was also the question of the fall fashions. Earlier this month we visited the

SHOWER BRIDE-TO-BE

Miss Marie Gilkes, bride-to-be, was entertained at a miscellaneous shower on Monday, at the home of Mrs. Robert Clark.

About 15 guests presented Miss Gilkes with many lovely gifts and a corsage of red roses. After an enjoyable evening, the hostesses served a delicious luncheon, at which time the bride-to-be cut the bride's cake which was beautifully decorated for the occasion.

Mrs. Grant Fulson and Mrs. L. Steadman assisted Mrs. Clark. Miss Gilkes will reside in St. Catharines after her marriage.

"It takes seven colours to make true white," Auntie said. "One of them is blue. That's why you must use Blue in your wash. Just wash Reckitt's Blue through the rinse. It prevents that yellow tinge and you avoid taking chances with anything that may damage fabric."

Reckitt's Blue costs so little, mummy says, "and out of the blue comes the whitest wash."

Barbara Brent's BUYS WHYS

MONTREAL.—There's a wealth of flavor for you, come the winter months, in the jams and jellies you do down now. Especially if you use CERTO FRUIT PECTIN! With Certo, more of the true flavor of the fruit is retained, because you boil only one minute. And think of this—you get up to 50% more jam or jelly from the same amount of fruit! I find I save 1/3 the time of the former long boil method by jamming and jellifying the Certo way. And results are always so sure...I simply follow the recipes in the booklet, under the label of each Certo. So—now that summer fruits are in lush abundance, plan on doing down lots and lots of your favorites, the quick Certo way.

Hot City Sidelinks or bumpy country roads...both are bad for "hurting" feet. But there's a wonderful way to have comfortable feet—always...put an end to corn and callus troubles with that new ingredient and only in BLUE-JAY Corn Plasters and Callus Plasters. It's Phenylum—the greatest scientific discovery yet for folks who suffer from corns and calluses. It took ten years of scientific research for Blue-Jay to develop this wonder-working medication. And now scientific tests show that Phenylum ends 95% of corns and calluses in record time...quicker than any other treatment. Ask your druggist today for Blue-Jay Corn Plasters with Phenylum—and end your foot worries forever.

I Don't Know When burglars take their holidays. But I'm willing to wager it's not during the summer. It's "windfall" season for them just now, with so many people away from home, and so many valuables left around unprotected. Don't add to their easy pickings by leaving yours at home when you go away! Put them securely away in a Safety Deposit Box at the BANK OF MONTREAL. Costs you only a cent or two a day and assures you of extra safety for all your important papers, jewelry and keepsakes. Rent a Safety Deposit Box at your B of M branch today! It will be a happier summer once you know your valuables are in the vaults of the B of M.

WASHING'S NO PROBLEM NOW!

"Mummy took Auntie's advice."

"It takes seven colours to make true white," Auntie said. "One of them is blue. That's why you must use Blue in your wash. Just wash Reckitt's Blue through the rinse. It prevents that yellow tinge and you avoid taking chances with anything that may damage fabric."

Reckitt's Blue costs so little, mummy says, "and out of the blue comes the whitest wash."

Mr. and Mrs. Cecil Harrison and family are holidaying at a cottage at Haliburton for a week.

Miss Julie Madill of Windsor is spending a few holidays visiting friends here.

Mr. Jos. Blair and Miss M. Blair of Greenbank spent Monday with their cousin, Miss Jessie Lockie. Miss Eva Lockie returned with them after spending a week visiting friends there.

Mrs. F. Howse of the fifth concession has returned home after spending some months with her sister who is very ill in Cleveland, Ohio.

Mr. and Mrs. Jay Gould and family of Hamilton spent the weekend with Mr. Gould's mother, Mrs. N. Longhurst.

The Sunday school picnic held at Port Bolster on Wednesday last was a decided success. All report a good time and a good crowd in attendance.

Mrs. F. Metherell and grandson, Roger Sedore, spent last week with her niece and family at Lefroy.

Mr. and Mrs. Jas. Galbraith visited Mr. Galbraith's sister, Miss J. Galbraith, in Orillia on Thursday.

The next W.M.S. meeting will be held in the afternoon of Wednesday, July 30, on the grounds of Mrs. A. B. Lockie's cottage at Elmhurst Beach. A picnic supper will be served on the lawn.

Some of the ladies of the Ashworth W. A. and Sanford W. A. met in the United church with members of the Zephyr W. A. on Monday evening.

Friends from here attended the funeral of the late Mr. Jos. Blanchard on Sunday. Some also attended the Decoration service held at the Foster Memorial cemetery last Sunday afternoon.

News Of The W.I.

News for this column must be in the office Monday night. Copy must be written as briefly as possible and confined to news and reports. Other than routine reports and announcements will be printed separately.

The July meeting of Elm Grove branch was held at the home of Mrs. Alsop in Baldwin. Plans for the booth at Sutton Horse Show were discussed and further arrangements will be made at a meeting to be held at the home of Mrs. Harris on Thursday evening, July 17.

It was decided that members would sell tickets on a quilt, which was pieced by one of the members, Mrs. Percy Brown.

After the business was finished, there were two speakers, Miss Smythe, supervisor of nurses for York County Health Unit, as speaker for the health program, gave a great deal of information concerning the health unit and the services given by it. Many members, it is understood, knew little of what the unit means to them, until they heard the explanation of it. She urged the members to encourage mothers to take their pre-school age children to the conferences which are set up by the unit. These are held in Sutton and Keswick and at the former Jersey school house.

Miss Smythe also asked that mothers visit their doctors during pre-natal and post-natal care. The health unit nurses will also call on the mothers before and after the birth of the baby, if the mother so wishes. She said that the death rate among new born babies is not as low in Canada as in some other countries so that there is room for improvement.

Mrs. Keir, one of the members, gave a paper on education. She referred to an article in MacLean's magazine, in which Hon. W. J. Dunlop, minister of education, had stated that hard work and competition were being taken out of the schools, too much play is taking its place. As a result children are coming out of schools, not well informed on things that matter the most. Businessmen are complaining that those who go to seek work are poorly trained in the fundamentals. They cannot read, write, spell or add well. One man had asked if the girls who have studied home economics and teach it, make good homemakers. This was answered by a Montreal home economist who said the only home economics teachers whom she knows who are good cooks are those who

learn at home from their mothers.

The meeting closed with the singing of "God Save the Queen" and lunch was enjoyed by all.

Hogartown branch meeting was held July 15 at the home of Mrs. Charles Hunt. There were 23 members and six visitors present. A good and interesting response was received to the roll call, name your first school.

Plans were made for a bus trip to Peterborough to take the place of our September meeting. A tour of Peterborough will be conducted by Mrs. Elman Campbell and will include a visit to the Quaker Oats plant and other places of interest. A picnic lunch will be held at one of the local parks. Further details will be furnished at the August meeting.

A letter from the Blue Cross on change of rates and plan was read by Mrs. McClure and discussed at some length. It was decided to continue with our present premium payments and the person concerned will pay the first \$15 on their account.

Our guest speaker, Mrs. E. Armstrong, president of the North York District, gave a very interesting talk on citizenship and education. She reminded us of what we too often take for granted, the greatness of our country, and how we should appreciate our freedom of living and our vast natural resources. She outlined many of the hardships with which the people of eastern European countries have to contend, citing some of the past experiences of those who have quite recently arrived in Canada and pointed out the efforts being made in many countries to promote communism, especially among the school children.

She urged that we take a greater interest in the workings and accomplishments of United Nations and mentioned Mrs. Eleanor Roosevelt and Mrs. Florence Reynolds as two ladies outstanding in their work.

Mrs. Armstrong commented on the number of new schools and additions to educational centres, at a great cost, and the increase in the number of students that has taken place in recent years. She pointed out that fundamental education is the backbone of

Off the cuff, Jackie Flicker, young Aurora, athlete, made his start in the wrestling ring at Richmond Hill on Tuesday night and did more than somewhat in his debut. Weighing close to 170, Flicker, after his showing against Ed. "Gori" Mangotich, only needs experience to become a real district draw.

Messrs. Stan. Smith and Pep. Perryman are naturally pleased with this development and you can look for at least three more boys from Aurora and Newmarket to join the Garner troupe. Flicker played box-lacrosse a few years ago and has always been a keen sports follower. He's a brother of Stan Flicker of Newmarket who also played lacrosse but with Stan it was nearly 20 years ago.

Newmarket Spitfires, as we predicted, will at least consider senior B hockey. The Spits will sit in along with Stouffville Clippers on Monday night under the chairmanship of Bunny Morgasson to try and round out a circuit that will be easily travelled and well balanced.

On the subject of hockey, Al. Shewehuk, who is keeping shape by playing softball at Barrie, will be back with the Spits for sure and Normie Stundten, the best goalie for our money in senior B, who now resides in Aurora, will be in the nets. Stouffville still have Blake Eatough, remember.

Earl McCrone and Joe Antonia, Orillia hockeyists, are keeping in shape by sweating it out on the lacrosse floor with Orillia Terriers. Bobbie Burrell, former St. Catharines junior, a lacrosse import, will add strength to the Terriers' hockey club in existence only a few short months, have started a minor softball league in the village and already have over 50 boys playing softball.

Horseshoe tournament at Newmarket Legion on Saturday, Aug. 9, for all Legionnaires of Zone E-2, and Pat Roney, who is in charge, will accept entries from other ex-service personnel as well. Aurora, Woodbridge, Richmond Hill, Mount Albert and Newmarket have entries with Sutton, King, Willowdale and Stouffville expected. Winners compete further for district honors.

"Barnyard Golf" should do all right from here in. Billy Bell Jr., one of the junior members of Aurora Highlands, did himself proud last week at Summit of Toronto St. George's to take second place in the under 15 class of the Ontario Golf Association in a best ball match. Ron. Williams, a 13-year-old from Richmond Hill, is another you can tab as a future star on the links. He plays out of Summit.

Glad to see the Scholke silks back on the track again. Mrs. Mary Schelke, who still resides at Gormley, had a winner in the three-year-old Speedy Shep at Fort Erie. It was their first win of the season. Earl Rowe, veteran Pro-Con. member for Dufferin, who was feted by his constituents last Friday at Beeton, drove Celia's Counsel to a brilliant win at Thorncliffe on Monday. The pacer has been a consistent winner this season and seems headed for a big year.

On good authority we have it that Jules Mendelson and his syndicate who bought Thorncliffe this year have a chance for a profit of half-a-million for their franchise and track. The Ontario Jockey Club will get the franchise, if Mendelson can get night racing for the harness horses. So far, Premier Frost has remained adamant in his attitude against night racing. Strange things happen, however, and especially when certain people ask. We predict night racing for next year.

Aurora Juniors will not be seen in the O.B.A. after all. Too bad, for they have a nice team. The entry of Newmarket in intermediate B meant the loss of Thoms. VanZant, Hugo, Robinson, etc. and the team wasn't strong enough for outside competition. It's a nice thought to concentrate on purely home talent but Len. Simmons, Newmarket, Stouffville and Markham all found it necessary to add outside strength in the O.B.A. playdowns. As a prelude to any O.B.A. entry, a good stiff season of competition in the local area is a must, and the juniors didn't have that.

Fred Wilson deserves a hand for the work he put in as coach. Won't know whether or not there's a chance for an Aurora juvenile entry with what is left by way of playing material. We understand entry dates for the O.B.A. are now past in any event.

Fred White, who has been riding with the Aurora Cycling club, has joined the Canadian navy and will report for duty soon. His father, Claude White, a veteran of two wars, has recently returned from Korea, while Uncles Ray and Will White also have service records, the latter also in the Korean show.

Laurel's Lass, owned by J. M. McIntosh of Kincora Farms, Aurora, is a filly you can watch with interest from here in. She's been in the money three times in a row in recent weeks. Red Mitchell, veteran Mount Albert hurler, who has retired annually for several years in a row, has come out of retirement to pitch high class ball for the Mounties in their drive for the Lake Simcoe title.

Teddy Bennett, who annually

Do You Remember?

A large crowd enjoyed a splendid day of harness racing at the fair grounds. A nice race card was lined up and attracted a goodly number of horses and drivers. Classes in competition were the 2:17 pace, 2:28 pace and the free-for-all trot. Heavy rain rallying at 5 o'clock cancelled the final heat in each race.

Admission to the fair grounds was 50c and the customers had to fork over an additional 25c to get a grandstand seat. A softball game in the afternoon between Richmond Hill and Newmarket Redmen and a street dance on Main St. rounded out the day's program. Newmarket won the softball contest 11-10.

Newmarket line-up was C. Giles II, H. Brammer 2b, M. Smith II, H. Gibney rf, J. Tunney 3b, K. Peters 1b, W. Burkholder c, L. Molyneux c, H. Hilton ss, W. Niles p.

Who remembers when? It was Civic Holiday, Aug. 1, 1938. The races were run under the sponsorship of the Newmarket Sportsmen's Association. Remember?

CELEBRATES BIRTHDAY

A large crowd gathered at the home of Mr. and Mrs. Thos. Andrews on Saturday afternoon, when Mr. Frank Thompson celebrated his 87th birthday. They all joined with him at supper on the lawn on this memorable occasion. Mr. Thompson has many relatives and a host of friends, who sent him cards and wished him many years of enjoyable living.

our country and questioned the advisability of departmental examinations being eliminated until a student has reached fifth form high school.

She emphasized the necessity of our young students being thoroughly prepared to go out and face the world and competition, that they should be prepared not just to get a position but to be able to hold one and go on to make a decent living as well as take their place as respectable citizens.

Mrs. McNicol conducted an interesting contest, "Know your Counties." The sewing committee met on Tuesday evening, July 22, at the home of Mrs. L. J. Harper. The meeting closed in the usual manner, after which a cold plate lunch was served.

THE Calvert SPORTS COLUMN

by Elmer Ferguson

A very brilliant and imaginative sports writer, Grantland Rice, once wrote a poem, each verse of which ended up with the statement: "The records wait!"

With the Olympic Games just around the corner, you realize that there's a great significance to this phrase. The records wait. And in track field, they don't wait too long.

Oldsters claim that athletes of this era aren't as good as the men of yore, but you can't prove it by track-field performances. Indeed, the way running and jumping records tumble these days it almost is not worth the effort to go out and set them. It has gotten so that a man no longer can run a 10.2 100-meters and expect his mark to last very long. Jesse Owens, rated the fastest human of all time, back in the '30's, found that out when he set his World's Record in 1936. Since then five other sprinters have equaled his figures: Harold Davis of the United States (1941), Lloyd LaBeach of Panama and Barney Ewell, United States (1948), MacDonald Bailey, Trinidad (1951), and Herbert Thompson, United States (1953).

The oldest individual record on the books, except some walking records (and that form of sport has just about gone by the boards) and a few of the longer metric distance events, is Glenn Hardin's 400-meter hurdles clocking of 50.6s. It was set in 1934, and has for 18 years, at the time these lines were written, withstood assaults upon it. Most of the other existing World Records were set in the late '40's or early '50's.

There was a time within memory when an even 10 seconds was considered brilliant time for the 100 yards dash. Then it was cut by a fifth of a second, then by two-fifths, when Arthur F. Duffey sped over the cinders in 9 3-5, around the turn of the century. But to day, that time would hardly qualify in a heat. Mel Patton cut the time to 9 3-10, which may not sound to the uninitiated like a gigantic reduction. But at that speed a difference of three-tenths of a second means almost three yards.

The 100 metres dash at the first Olympic revival in 1896 was 12 seconds. Tommy Burke of the United States won it. At the last Olympics, a slim Negro, Harrison Dillard, won in 10.3, a difference of 15 yards. It's hardly believable.

The boys haven't hit the 4-minute mile yet, but they will, any time now. It took some time to carve the record down to Gunder Haegg's 4:01.4. The amateur record 4:08 set by W. G. George of England in 1881, stood for 22 years, when America's John Paul Jones topped it to 4:15.4. Then everybody got at it. Norman Taber, Paavo Nurmi the inscrutable Finn, Ladoumègue of France, Cunningham of the U.S. Stanley Wooderson of England, all carved new marks. Then came Haegg, to eclipse all previous performances. That was seven years ago. The time is ripe for a new record, at the classic distance.

So it goes. Are men growing faster, stronger, or is it the superior coaching, the more systematic and scientific training? Perhaps it's the latter. We imagine so. Whatever it is, track-field records indicate that moderns do most things better than did their hardy forbears.

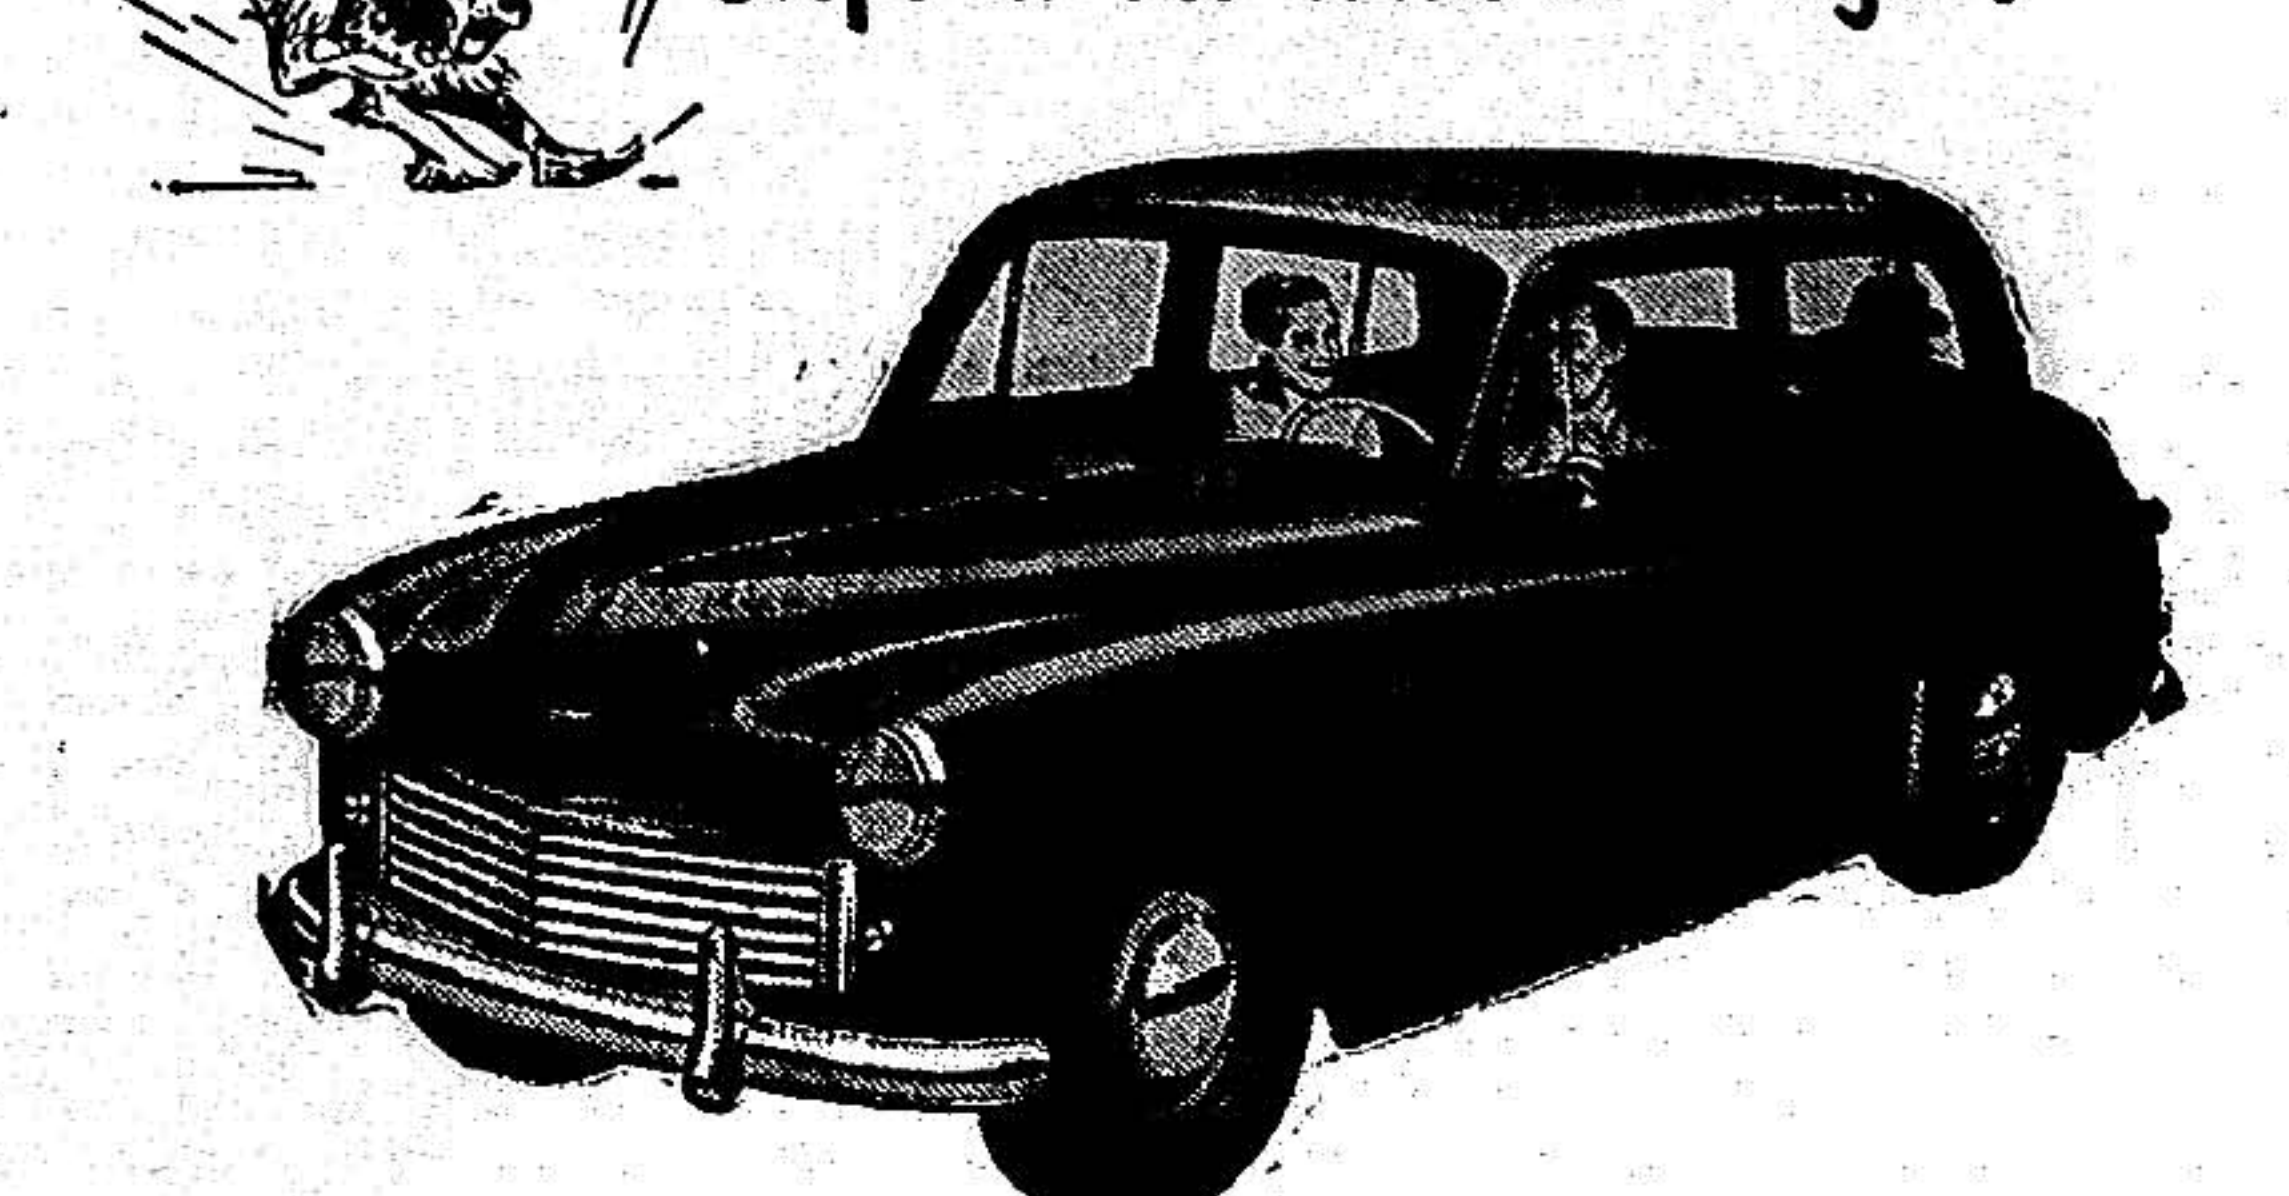

Your comments and suggestions for this column will be welcomed by Elmer Ferguson, c/o Calvert House, 431 Yonge St., Toronto.

SEASON PLAYBOYS

The Lake Simcoe softball league play-offs are slated to start after Civic holiday. League officials meeting Monday found eight postponed or rained-out games on their hands.

The following replays have been ordered: July 23, Pine Orchard at Willow Beach; Keswick at Mount Albert; July 24, Van-dorf at Mount Albert; July 25, Pine Orchard at Keswick; Belhaven at Willow Beach; July 28, Pine Orchard at Mount Albert; July 30, Keswick at Pine Orchard; Aug. 1, Queensville at Keswick.

Here's how the first round play-off activity will be run off: first and third teams meet in a best three out of five series in section A; second and fourth teams in series B; fifth and sixth teams in series C. The latter two sets will be settled on a best two out of three basis. Winners of series B and C then meet in a best two out of three play-off with the victor meeting section A winners in a best three out of five series for the league championship and the Stan. Cook trophy.

HASHMAN AWARD

McNeill For Durability

This week, your Hashman is going calling up the lake-shore for a Hashman award and Rexy Theatre pass winner. Chap carrying the nod is Cecil McNeill, Willow Beach's perennial softball flinger. Backbone of any softball team is the pitcher. McNeill has been winging 'em past the batters ever since the Lake Simcoe League broke over the horizon way back in 1933. So it's safe to assume Mr. McNeill earns the league's title of "man of steel".

Monday evening, the Beach were here for a show down with Office Specialty, town league leaders. Beachers went home crowing over a 4-3 win. Much of the credit for the victory must be bestowed on the Beach plying veteran. He set down the Specialty clubbers on six hits and sent seven trailing back to the bench after swinging at a third strike.

After the game, we asked the Beach veteran "would he be good for another ten years on the mound?" He didn't say yes and again, he didn't say no. It's our guess he'll be around as long as the Beach need him.

This almost 20 years of rugged service requires acclaim and it's a pleasure to name Cec. McNeill this week's winner. More power to your good right pitching arm, sir.

Haskett's

HASH

BY GEORGE HASKETT
Newmarket Sports Editor

Second Guessers Clubs are a necessary evil around a ball team. Major league officials figure rightly or wrongly the fans pay the shot - so why not give 'em a chance now and then to call the shots. This is especially true when the club isn't going so hot.

Those of us who've been rooting for the Sport-Cycles have formed our own union. We've sat silently by while they lost all but two games. We saw them look anything but like a ball team last Wednesday in the process of getting their ears pinned back 13-2.

Part that conks us is the fact they have the players at their beck and call to produce a winner. In fact, the bleacherite disciples believe with the team they had on the field last Wednesday they could pick up all the town league marbles. We, the silent partners, with the approach of August, have agreed we can't sit idly by any longer without a murmur - it's our week to take over the reins.

What's wrong? If we were asked, coaching is the trouble. Players are batting in the wrong order, playing wrong positions, and the pitchers hanging in there when they should be showering.

Right under your nose you have a player - a potential coach - who could produce a winner. That man is Harvey Gibney. Why not call on him? Let's have a change. Cut out this night-marish ball. Any improvement will be welcome by your Second Guessers Club. Savvy.

Three Cheers Dept: Hashman list of cheer raters is lengthy this week. Lowell Waller and Eddie Pitt, who stepped in to coach and manage our midget baseball team, are doing a grand job. The team hasn't lost a game and at present are hooked up with Aurora and Richmond Hill in the North York playdowns and are slated to go into O.B.A. action in August. Keep up the good work boys.

Ken Stephens, recent appointee to the chairmanship of the Optimists boys work committee, had the bantam baseballers out for practice this week. Ken has taken on the coaching. Good work sir. Quite a job to step into the whirl of O.B.A. certifies, etc. Ken will come through alright and the thing to remember is the first 100 years are the worst.

Tommy Surgeoner, think we overlooked this item, has been handling the finances for our intermediate baseballers. Wilburn Beckett may rate the coach of the year award. His Queensville ladies team are in a second place tie with Keswick and Sutton. Not bad for a first year team.

Rain Limits Lake Action

Rain curtailed action in the hairbreath Lake Simcoe softball league race last week. Three games, Pine Orchard at Mount Albert, Queensville at Keswick and Belhaven at Willow Beach, were washed out.

Pine Orchard nailed two "softie" points Monday. Queensville appeared in the Orchard ball yard with only six men and had to forfeit.

It's settled now that Zephyr, Keswick, Queensville, Mount Albert, Pine Orchard and Willow Beach will be the six play-off participants. Still to be decided in the sizzling hot stretch drive is the order of finish. That'll be decided via eight postponed games.

Now for a look at last week's games. Tom Hare's Keswick tribe exploded for 11 hits Wednesday to topple Belhaven 11-2. Leading 6-2 on single runs in the second and fourth and two each in third and fifth, Keswick shot five runs across in the sixth to sew up the decision. Claude Pollock bore down hard in the rough spots with his wind-mill style chucking to permit Belhaven six hits and a run in the third and fifth.

White everybody else got wet Thursday, sun shone on Vandorf. Vandorf didn't get a win, but scored a moral victory by holding Ches. Lunney's Zephyr Blues to a 3-3 tie. It looked curtains for Vandorf when the Blues played single runs in first, third and fourth to open a 3-0 wedge.

Vandorf fought doggedly back behind steady pitching from Harold Botham to break their goose-egg run with a tally in the fourth and had the home fans "ooing and ahing" with a two-run spurt in the sixth to tie it. The split in points enabled Vandorf to climb into a tie with Belhaven for the seventh rung on the league ladder.

'Berg Wins Title Opener

Schomberg are off on the right foot in their Peel-York Softball League playdown series with Bolton. Games scheduled for last week were washed out and Schomberg moved into Bolton Monday to get the series mobile with an 8-0 triumph.

Doug, Brown hurled four innings of shut-out ball before stepping aside to let Ken. Ellison complete. Schomberg powered telegraphically. Cslia.9j otto ered their winning effort with a 15-hit assault. Barney Graham, Doug. Brown and Doug. Marchant shared the victors' hit spotlight with three each. Ken. Ellison sported a perfect plate night, two for two. Murray Edwards swung from the boot tops to gather in a homer and single.

Schomberg counted a run in the first, three in the third and two each in the fifth and seventh. Game two in the set will go tonight (Thursday) under the Schomberg lights at 8:30 p.m. A Berger victory wraps up the series.

Queens Top Sutton

Wilburn Beckett's Queensville ladies are the surprise team of the Lake Simcoe Junior Ladies League. The Queens picked up their fourth and fifth victories last week to move up into a second place tie with Keswick and Sutton in the closing stages of the league race.

Both Queensville wins were gained at the expense of the downward dropping Sutton club, one via a forfeit, and on Monday, Queensville got a late rally rolling to sweep to a 14-8 win.

Diggers Smeared 13-4

The Ditch Diggers' long reign as kings of the Aurora Town Softball League appears to be coming to an end. The Diggers indulged in a fumbling exercise Tuesday that saw them drop a 13-4 decision to Queen City Storage.

Diggers appeared mad at the apple as they booted it around scandalously and the final tabulation showed them guilty of an even ten "rocks".

Top shelf man in the Queen City Storage men's camp was Normie Stunder. Working zealously on the Storage men's rubber, he larded it over the Digger swingers with a seven-hit effort and put ten Diggers to sleep via the whiffing route. The ultimate winners took off with a three-run burst and eight runs in the second.

Hard to believe but the Dig-

New Deal In Wrestling

There's a new deal coming up as wrestling returns to the Newmarket Memorial Arena on Thursday, Aug. 7. For the first time, the strong Richmond Hill grapplers will provide the grunt and groan antics for the local wrestling filberts.

From all accounts coming out of Richmond Hill, where the shows have been running for a number of years, they top anything and everything the big name professionals have to offer both in action, fun and wrestling fare.

Feature of the August 7 card will be a tag team match between Gori Mangotich and Bully Penchoff and a duo of Richmond Hill district boys, Bill Clubine and Red Garner. Mangotich, the leading contender for the Canadian middleweight title, and Penchoff are unbeaten as a team and their impressive record stems from the fact they're not the least particular as to what methods they employ to win.

They'll have their hands full on this occasion as the Hill duo gained a draw with them in April of this year.

Waldo "Baron" Von Sieber, handsome German youth whose parents live in the Bradford area, will make his professional wrestling debut against "Iron Man" Bob Jordan, the Richvale grappler. Jordan has picked up his moniker via his ability to absorb punishment and break death grip holds and is sure to give "The Baron" a run for his money.

JR. GIRLS COMPLETE SCHED.

The Lake Simcoe Junior Ladies Softball League schedule is due to close this week. Team delegates and executive will meet Friday in Mount Albert to draw up the play-off schedule. All six teams are ticketed to see play-down action. Semi-final draw will likely send the first and third teams into a three out of five series while second and fourth teams, and fifth and sixth teams meet in best two out of three.

LEAGUE SHUTS DOWN

There will be no Town League softball activity next week because the Office Specialty shuts down for annual vacation. The league will resume Aug. 6. There are three games left in the regular schedule. They are: Aug. 6, Sports-Cycle vs Thompson-Bell; Aug. 11, Hoffman vs Specialty; Aug. 13, Sports-Cycle vs Hoffman.

Redmen were early trailers

2-1, tied it in the third and forged ahead 4-2 in the fourth on consecutive bingles by Bill Grant, Ken. Wright and Ivan Gibson. That lead stood up until Lefty Gibson hit rough going in the sixth. A single and Bob Wallace's homer were good for two Palgrave runs and it was 4-4 tie. Ortie Thoms relieved, whiffing five of the six batters to face him in the sixth and seventh.

Redmen collected nine bingles. Don. Gibson boasted three, including the game-winning home run blast, a double and single. Ken. Broughton's double set up the Redmen's start-off run in the second. Ortie Thoms' single was instrumental in plating run two.

gers were even up with their opponents in the hit department - it was seven each. Errors killed off Mickey Sutton's pitching try. Harry Sutton, with three and Red Castles with two came up waving big shillagahs for the winners. Tracy Barrager earned the Diggers two hits. Mickey Sutton's home run was good for the Diggers' third run in the fifth as they broke the shut-out with single runs in third, fourth, fifth and sixth.

The combination of a Digger loss and Queen City win left the two teams deadlocked in first place. Queens won without the services of their two bowlers, Andy Closs Jr. and Don. Holman, using Bill Egan and Bob Murby to fill the gaps - and they did very well thank you.

SPORTS BRIEFS

Senior ladies cool off the R.C.A.F. with a 14-0 win to pad their first-place standing in the Barrie and District League.

Specialty take Thompson-Bell 5-0 and Sports-Cycle 13-2 in the town league play over the week. The Specialty has a firm hold on the league leadership, but in an exhibition tilt, bowed to Willow Beach 4-3.

Newmarket ties Richmond Hill in a tennis tournament, and defeats Aurora 6-2.

The "Private Property" Claim Suggests That Board Wanted Perryment Report Suppressed

If the arena board had been as active in attending to arena matters as it has been in running to the town hall to get votes of confidence for itself a real job of work might have been done. Even if it had given half the time to its own business that it has devoted to attacking Aurora News Page it might have gotten somewhere.

It has held another meeting to boost itself and a report of it was published in last week's Banner. The report was handed to the smaller periodical but not to Aurora News Page which it attacked. The same thing happened on April 14. A meeting of the board was called and chairman Underhill lashed out at Aurora News Page. It made columns of news for the smaller paper, headlines and all.

Chairman Underhill doesn't like Aurora News Page. Perhaps he would suppress it if he could. But it is too strong for chairman Underhill. The citizens of Aurora have come to know that we will give them the facts and they support it in ever-increasing numbers. We shall go on giving the citizens of Aurora the facts despite chairman Underhill or any of his suppliant supporters.

Sob Sheet
The latest sob sheet issued by chairman Underhill and his board, through the obliging medium of the Banner, contains the name of Dr. E. J. Henderson. We would like to know how many meetings of the arena board the genial doctor of dentistry has attended in the last three years? According to our information his record of attendance is the worst of the lot.

We understand he was at the closed meeting on June 9. Previously he had played hockey consistently. How can he judge the effectiveness of the board when he hasn't attended the meetings regularly.

The latest sob sheet charges that we have "criticized nearly every institution and organization in town". Such a statement is false. Former Mayor Bell made a similar statement at the last nomination meeting and the electors brushed him off the electoral plate. We believe the same fate would overtake chairman Underhill and some members of his board if a vote of the people were taken. Unfortunately chairman Underhill is in a totalitarian position. He doesn't have to seek election from the people.

Chairman Underhill and his board assert that "we did not seek the job". If that's true then why did they take it? Shades of George Baldwin and the hydro chairmanship!

Our Position Stated
We have criticized the arena board for the reason that the evidence clearly shows that it has been an inactive organization. It has conducted its affairs in the manner of a secret society. The citizens of Aurora know nothing of their rank and its activities other than what has appeared in Aurora News Page, chiefly from the pen of Mr. T. F. Swindle. We have published several articles written by Mr. Swindle and not a single statement of his has been challenged by chairman Underhill or his board.

We have no personal animus against chairman Underhill or any member of his board. We are concerned as a local newspaper with the affairs of a local organization in the interests of our readers. We believe the ratepayers have a right to know how their arena is being conducted. Chairman Underhill, like Mr. Baldwin and the hydro, has never invited the press to any of the board meetings.

This secrecy in the conduct of the affairs of the ratepayers is not in the public interest. We are trying to break down this curtain of secrecy in the conduct of public affairs. Chairman Underhill is not trying to help us break down this secrecy. He likes meetings held with the doors closed and the curtains closely drawn.

The Perryment Report
Leave some people to talk long enough and they sure will give themselves away! Thus it is with the latest sob sheet claiming that the arena board has done a good job. In attacking Mayor Rose the report states, in reference to the Perryment report on the bad condition of the arena: "This report is a matter between the board and its manager and was the private property of the board."

In that one sentence the mentality of chairman Underhill and the suppliant members of his board towards the citizens of Aurora is clearly revealed. "Private property of the board." What a statement to make! You would almost think that the board pays the salary of the arena manager from its own private purse.

The Perryment report on the bad conditions at the arena is not a private but a public property. It is a report on property owned by the citizens of Aurora, the ratepayers. Why should it be the "private property of the board?"

Council Report

recommendation of Reeve Cook sued by other members of the board.

Relieve Situation
Councillor Davis brought to council a request from Mr. L. Stephens that some help might be given him in relieving a situation where water was flowing into his basement. It was agreed that some help be given Mr. Stephens.

Incorrect Banner Report
After the conclusion of general council business Councillor Murray asked the chairman to mention an incorrect report appearing in last week's issue of the Aurora Banner in connection with the "Statement" issued by the arena board from its closed meeting of last week. Mr. Murray asked Reeve Cook if he would direct that the matter be corrected. He had neither attended the meeting nor signed the "Statement."

Councillor King said he questioned if such a matter concerned with the press could properly be brought up in council? He doubted if it were council business.

Councillor Murray said as he was a council representative on the arena board it was important that council and the citizens should know that he had not signed the "Statement" issued by the arena board from its closed meeting of last week. (A review of council proceedings, under the chairmanship of Reeve Cook, will appear in "Council Sideights" in next week's issue of Aurora News Page. Ed.)

Arena Financial Report

Editor's Note: The attached financial statement concerning expenditures on the arena is the one we referred to last week. The section under "Unpaid Accounts" evoked considerable discussion at two sessions of the 1951 council.

When the accounts were presented for payment Councillors Davies and Gundy requested clarification of them, stating that they would not vote for payment until this was done. Payments were therefore deferred until a future council meeting at which the chairman of the board, Mr. Underhill, was requested to appear to clarify the summarized accounts.

Neither Mr. Underhill nor the secretary-treasurer, Mr. Stoddart, nor any member of the board came to council to clarify the situation, but the accounts were paid with Councillors Davies and Gundy opposing on a recorded vote. Mr. Gundy said he "was not satisfied" and Mr. Davies concurred.

It will be noted that the financial statement carries no date and no signatures.

Approve Hall Plans

At a meeting of the King Community Association on Monday, it was moved by Geo. L. Brown, president of the Lake Marie and King Athletic Association, and seconded by Mrs. Beryl Fleet, president of the Legion Ladies Auxiliary, that the plan for a community hall drafted by Geo. Harvey be approved for submission to a community meeting on Tuesday, July 29, at 8.30 p.m. in the King Masonic hall.

The plan has been discussed with builders in King City and they found it satisfactory. The outstanding features of the plan include provision for a library, well appointed kitchen, committee room, wash-rooms, and auditorium with stage.

The chairman of the King Community Association, Mrs. Ivan Specht, was most anxious that as many residents as can will attend this meeting to view the model and plan of the proposed building.

During the past year, the King Community Association has held many meetings and given a great deal of time and thought to the requirements of the community as voiced by representatives of the Women's Institute, the Lake Marie and King Athletic Association, the Legion and the Auxiliary, the King City Wrestling Club, the Boy Scouts, Cubs, Girl Guides and Brownies, the Lions Club and the Library Board.

The King City area is expanding rapidly and the need for an adequate meeting place is more evident daily. It is necessary that the plans be approved by the residents and construction started on a community hall as soon as possible.

King City Carnival
All roads in King township led to the Memorial Park on Wednesday of last week for the 32nd annual carnival and dance of the Lake Marie and King Athletic Association. The program started around 8 p.m. with a series of bouts between Aurora and King wrestlers, which attracted everybody in the grounds. When these terminated all the fun of the fair started with bingo, darts and other contests getting into action.

The Lorne Scots pipe band were again an attraction and made the park ring with traditional Scottish airs. During the evening they also gave displays of precision marching, much enjoyed by the audiences.

Leo Paxton's popular dance band swung into action at 9 p.m. and despite the heat were kept busy until almost 1 a.m. the large dance floor being crowded with eager dancers all the time. Madam Butterfly was busy giving teacup readings.

Once again the Women's Institute provided good refreshments at reasonable prices. All evening, busy members were handing out enormous numbers of weiners and generous helpings of pie.

At midnight, President George Brown and Vice-president William Barker supervised the drawings for the many valuable prizes. Winners were (in order): television set, Everton Kitchener, R. R. 1, Woodbridge; combination radio, L. Rubin, Aurora; radio, Ruby Wilson, Kettleby; radio, A. Minton, King; radio, Barbara Judge, Oak Ridges; radio, M. Heron, R. R. 3, King;

radio, N. Storey, Sharon; radio, Duncan McCallum, R. R. 1, King; radio, T. Dean Findlay, Unionville; electric shaver, J. Hollinshead, King; electric shaver, M. Julian, Woodbridge; electric shaver, Mel. McCallum, King; electric shaver, Mrs. W. Wassink, Kettleby; aluminum-

ware, S. Jackson, R. R. 3, King. Despite the late hour, large numbers insisted on more dancing, while there was still a long line-up at Madam Butterfly's booth, anxious to hear what the tea leaves promised for their future.

In future years the carnival will take place on Dominion Day, when in addition to the usual attractions, there will also be various sporting events and games.

Wrestling Features Carnival
At the annual carnival and dance of the Lake Marie and King Athletic Association, a contest of nine bouts of wrestling, lasting 40 minutes prior to the dance, was held between Aurora and King City wrestling clubs.

This was the first time that King City had competed publicly on their home grounds. After having done previous shows in Laskay, Toronto and Aurora, local residents were anxious to see their progress. It was the first show for the new Aurora club, recently organized by Pep. Perryment and coached by Bob McLeod, the regular coach and founder of the King City Wrestling club.

This show proved that amateur wrestling is a fast, clean, interesting sport with popular appeal for a mixed audience. The participants showed the results of their training by going out to win as quickly as possible with the best sportsmanship.

The wrestlers were examined by Dr. "Bill" Phair who remained in attendance during the contest. Master of ceremonies, "Pep" Perryment, Aurora recreation director, did a wonderful job of arranging and describing the show. Bob McLeod referred the show. Matt Bell, local bank manager, was timer and recorder.

The King Women's Institute and the Athletic Association gave hospitality and prizes to everybody in both clubs.

The results were: Rod Bell, King City, won from Mike Patrick, Aurora; Ron Egan, Aurora, won from D. Gordon, King; Wes. Thomas, King, won from Bill Scott, Aurora; Jim Lebour, Aurora, won from Gary Galloway, King; Fred White, Aurora, won from B. McCarthy, King; Ross Patrick, Aurora won from Eric Clark, King; Rod Bell, King, won from John Riseborough, King; Wes. Thomas, King, tied with Bill Brown, King.

All In A Day's Travel
One of the chief concerns of George Hatley, Eversley, and Pete van Nostrand, Aurora, on their trip to Edmonton late in June, was fear of having the wheels stolen from a new car they were transporting on a new three-ton truck, both for delivery to an Edmonton firm.

The young men, who hope to graduate from high school, are earning vacation income. They got their transportation and expenses by driving the vehicles to the west. George has written a day-by-day account to his parents, Mr. and Mrs. George Hatley, Eaton Hall Farm, and in a second letter tells how he is building muscle and an appetite by pouring blocks of cement, shovelling sand and gravel for Flint Rig Oil Co. Last vacation, the boys drilled oil for Imperial Co.

At Sudbury the travellers saw a "real tough town", with 17,000 men on strike. Reaching the Sault at 4 o'clock Saturday afternoon, June 21, they were not allowed across the border without being bonded. By 6 p.m. they had found a bondsman and started out on a 400-mile lap, driving mostly at night. They slept in the truck in very chilly weather.

Driving all day Sunday, they went to Bembridge, Wisconsin, and saw the statue of Paul Bunyon and his blue ox. In N. Dakota they ran into a blinding rainstorm. At 10 miles per hour they could barely see the road but stopped outside the storm belt to take pictures of a double rainbow.

Tuesday, June 24, they were at Wetaskiwin, then on to Edmonton where they located a comfortable boarding house. They are making friends and enjoying themselves in their homes. "One family won't let us away without supper," George writes. "They are just like Mom, and call us part of the tribe. We even had pictures taken with them."

VANDORE

The field day and penny sale sponsored by the Vandore Women's Institute was a wonderful success. Proceeds netted \$87.30 which will be donated to the community park fund.

We wish to thank all the donors who contributed some lovely articles to the penny sale. Our special thanks goes to the T. Eaton Co., Toronto, Wilson's Hardware, I.G.A. store, Ardill's Dept. Store, all of Aurora; Canadian Tire and Riddell's Bakery, of Newmarket; Weston Bakery, Toronto; A. VanNostrand and Son, Dudley Foster grocery store, R. B. Brown, implement dealer, and Friedel's garage, all of Vandore. Also our thanks is extended to Mr. S. Legge, Newmarket, councillor for Whitchurch township, and Mrs. R. Baycroft of Gormley, district president of North Centre York Women's Institute who so kindly gave their time in the drawing of the lucky numbers.

On Friday, July 25, an ice cream social will be held under the auspices of the W.A. at the home of Mrs. Wilbert Jennings. Everyone is welcome and we are looking forward to a large gathering. The evenings entertainment of games will be conducted by Mr. Ernest Moddle and Mrs. M. E. McClure.

Bring the children and join in the fun. The ladies are asked to please assist in this endeavour to raise funds by supplying two pies for the evening's refreshments.

During the month of August the Temperanceville church will not be holding evening services. However, Sunday school will continue to be held at 10.30 a.m. The missionary collection will be taken on July 27 after a missionary talk on "Black Gems of His Crown."

Although some of our children are away on holiday, it is our sincere wish that all those at home will be able to attend. Mrs. M. E. McClure was soloist of the Temperanceville church service Sunday evening singing "In the Garden of Roses". In the absence of the choir at recent church services, members of Rev. Moddle's family have given the congregation the pleasure of hearing them sing.

On Thursday, July 17, the W. A. and W.M.S. meeting was held in the church basement. The W.A. scripture was read by Mrs. Wilbert Jennings, followed by the theme on "Christian Living" by Mrs. M. E. McClure.

The W. A. and W.M.S. August meeting will be held in the evening at 8 o'clock at the home of Mrs. Fred Boys. Mrs. Frank Wilkins will have the September meeting at her home.

The parsonage fund was sent a donation of \$10 from Temperanceville W.A. this month.

Although the meetings of the W.I. are not held in July and August, there is no holiday for the Garden Brigade girls and their leader, Mrs. Everett Phillips. These girls are working hard at their project and are repeating a visit from Mrs. Clark, home economist of the department of agriculture, in the very near future.

Gerald Paxton, son of Mr.

Donald Paxton, or Norwood, is visiting his aunt, Mrs. Maurice Beynon.

Members of the Masonic lodge in the community attended the Masonic picnic held on Sunday, July 20, at Don Eddy Park, Pine Grove.

Miss Florrie Beynon is attending the six weeks' summer course in Toronto.

Mrs. Herbert Howell has returned home after spending a week with her son, Jerry, who is working in Hamilton. Mrs. Fred Boys spent a couple of days with Mrs. Howell in Hamilton. Mrs. George Phillips has been spending a few days with her daughter, Mrs. Clayton Beynon, while Mr. Phillips was in hospital having a cataract removed from his eye.

It was indeed a pleasure to have Mrs. Frank Wilkins attend the W.A. and W.M.S. meeting on July 17. Mrs. Wilkins spoke to the ladies for a few moments on the use of one's talents in regard to Christian stewardship.

PINE ORCHARD

Miss Mildred Pyle is at Footes Bay, Muskoka, for the summer months.

Mr. and Mrs. Douglas Hope and family spent the weekend with Mrs. Hope's sister, Mrs. Bert Hovey and Mr. Hovey, Peterboro.

Earl Johnston is holidaying with his cousins, Bruce and Verna Eveleigh in Aurora. Janet Hendry, Rosemarie Syme, Jeanne and Mary Lehman have been attending vacation Bible school at the community church, Vivian.

The ice cream social sponsored by the W. W. of Union church was a very enjoyable affair. Rev. A. Doggett was chairman. The program opened by all singing a hymn and prayer by Rev. Doggett. Splendid vocal selections by a quartet from Vandorf, readings by Elmer Johnson, solos by Mrs. A. Doggett and musical numbers by Messrs. Elmer and Max Johnson and Miss Viola Johnson were much appreciated.

Mr. Tice of Newmarket showed informative and entertaining films on "Mounted Life in Summer, Alaska and B.C."

He may not be a celebrity, a high government official or captain of industry. But, for his contribution to the welfare of his community, he deserves to have a carpet rolled out for him! Who is he? He is the typical life insurance policyholder — a man whose influence on your standards of living is greater than you may think! For part of his premium money, invested for him by a life insurance company, has helped to build new schools, highways, industrial plants, housing, oil pipelines, and many other important projects from coast to coast. Yet perhaps the most important contribution he makes to his community is simply this: As a life insurance owner, he is doing his best to make sure that he and his family will always be independent. No wonder we're rolling out the carpet for him — and the millions of Canadians he represents!

More than 50 life insurance companies in Canada compete actively to offer you the best possible life insurance service. A trained life underwriter from any of these companies will gladly help you choose the kind and amount of life insurance that will best fit your own individual needs.

No Better Engineered TRUCK at Any Price!

Let the facts show you why a Chevrolet truck means dollars-and-cents savings!

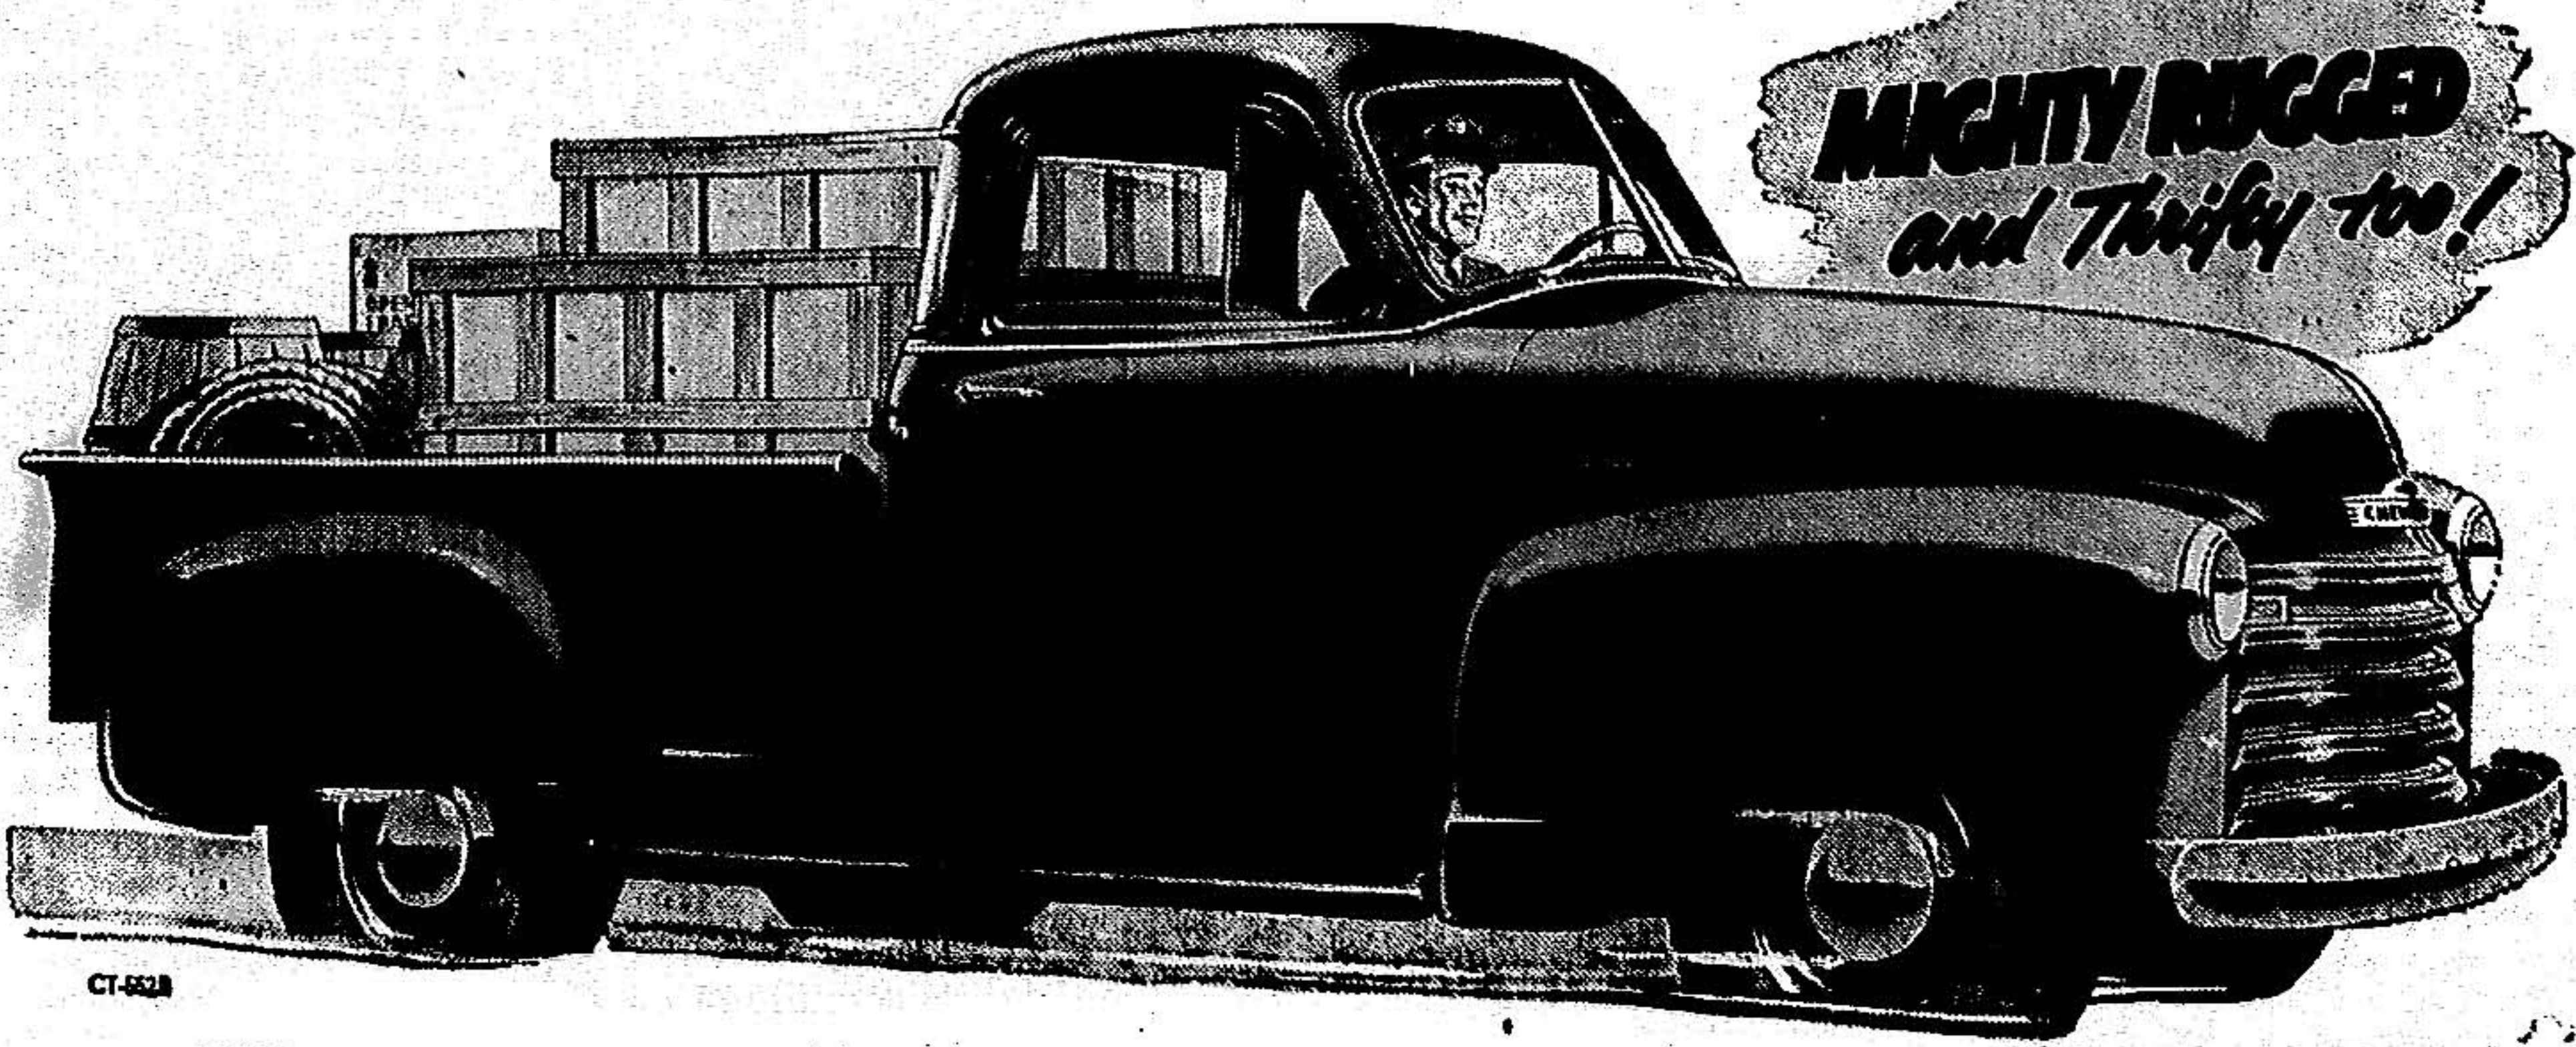

Size up the four facts at the right-hand side of this page. They lay it on the line — the reasons why a Chevrolet truck cuts down your hauling or delivery costs on any job you want to name.

But there's more to it than that. With all its savings on purchase price and on-the-job costs, a Chevrolet truck is the greatest truck to drive you ever got your hands on. Easier Recirculating Ball Bearing Steering. Clutch smooth and easy. Fast, quiet Synchro-Mesh transmission that eliminates double clutching. Roomy cab with five feet of hip room, ventipane windows, and seats with double-deck springs. And for increased safety and comfort, Chevrolet trucks offer GM "Shade-Lite" Glass with the exclusive shaded windshield which greatly reduces glare and heat. (Optional at extra cost.)

Chevrolet is first in operating cost per ton mile. See them in our showroom today.
